

RFO C16-037 Drill Participation for Patient Unified Lookup System for Emergencies (PULSE)

Reponses to written questions submitted to EMSA by September 2, 2016 deadline:

Date Requested	Requestor	Entity	Email Address	Question	Answer
9/2/16 at 1:02pm PST	Bill Beighe	Physicians Medical Group of Santa Cruz	bbeighe@pmgsc.com	How should we budget and propose in the event that the Drill must be done more than once as referenced in the RFO?	You may want to look at possibly planning travel for two trips to Sacramento and maybe a portion of this budget item could be part of your in kind cost.
