Receive information regarding the process for EMS Systems Regulations development.

**FISCAL IMPACT:**

None.

**DISCUSSION:**

The EMS Authority is continuing to develop a set of draft EMS systems regulations, by using a small work group of subject matter experts on California's EMS system. The last meeting was held in Sacramento on April 24, 2014, and we will conduct a two-day meeting on July 23-24, 2014 to allow for two days of focused work on the draft regulations. .

The group is making progress on very complex issues in a positive and collaborative environment in the development of these draft regulations. Once these draft regulations are completed, the EMS Authority will convene the Chapter 13 Task Force to provide input to the draft regulations.

The Commission will be kept informed on our progress with these draft regulations.
