June 19, 2008

Samuel J. Stratton, MD, MPH
Medical Director
Orange County EMS Agency
405 West Fifth Street, Suite 301A
Santa Ana, CA 92701

Dear Dr. Stratton: *Sam*

On May 14, 2008, the EMS Authority received your request for approval for a federally funded trial study entitled, "Hypertonic Resuscitation Following Traumatic Injury." According to your request, this is a Resuscitation Outcomes Consortium (ROC) multicenter trial that is currently ongoing in San Diego County and is planned for initiation in Orange County.

Your request will be reviewed in consultation with the members of the Scope of Practice Committee of the Emergency Medical Directors Association of California (EMDAC) on August 20, 2008. The meeting will begin at 10 a.m. and will be held at the office of the EMS Authority located at 1930 – 9th Street, Sacramento, California 95811-7034. It is recommended that you or your medical designee attend the meeting to answer questions and provide clarification as needed. The ability to conference call into the meeting will be available if you are unable to attend the meeting in person.

If you have any questions regarding this matter, please contact Ms. Nancy Steiner, Chief of the EMS Personnel Division, by calling (916) 322-4336, extension 429, or e-mailing nancy.steiner@emsa.ca.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Steven Tharratt".

R. Steven Tharratt, MD, MPVM
Director

cc: Greg Boswell, RN, EMS Administrator, Orange County
Joseph Barger, MD, Chair, EMDAC Scope of Practice Committee
