Hosted by: San Bernardino County Sheriff's Department, California Correctional Health Care Services and City of Ontario Police/Fire Departments

Location: 10608 Trademark Parkway North
 Rancho Cucamonga, CA.

Topic(s)	Action Summary
Introductions	n/a
State Agency Reports <ul style="list-style-type: none"> • POST • CDAC/CalOES • EMSA 	<p><u>Dan Toomey, POST:</u></p> <ul style="list-style-type: none"> • 1084 should be through OAL by 11/30/16 • Graphics unit working on revised POST/EMSA Tactical Medicine guidelines for review by EMSA • EMSA will review course content then POST will determine instructor qualifications, budgetary issues, locations, etc. • Training LD34, 1st/Aid /CPR with OAL being reviewed with some need for follow-up w/EMSA. • POST portal being updated/revised to include dual purpose for portal users to test and submit off-site scenarios and include records from initial registration to refresher content. • Qualified instructors for LD34 to include updated TCC <ul style="list-style-type: none"> <input type="checkbox"/> POST 1070(B) POST instructor (1st Aid/CPR Instructor Training Course) <input type="checkbox"/> AHA qualified instructor or equivalent <input type="checkbox"/> EMSA requirements Ch. 1.5, 100028 <p><u>Larry Collins, CDAC/CalOES:</u></p> <ul style="list-style-type: none"> • No report. Fill-in for Kim Zagaris, observing only but will participate when needed. <p><u>Dan Smiley, EMSA:</u></p> <ul style="list-style-type: none"> • ePCR and NEMSIS V3 developments to report patient care data exchange. May be included in regulations. • Ambulance Wait Times still an issue, stakeholders working on

<p>State Agency Reports</p> <ul style="list-style-type: none"> • POST • CDAC/CalOES • EMSA <p>(continued)</p>	<p>solutions to address delays.</p> <ul style="list-style-type: none"> • HIE activities continue to improve field to hospital communications. <p><u>Sean Trask, EMSA:</u></p> <ul style="list-style-type: none"> • EMT regs. propose 10 additional hours to include epi, glucose, TCC • EMT regs. MAY include requirement of ePCR's by all EMTs <ul style="list-style-type: none"> □ Chidester- ePCR's may result in multiple documents, 911 EMD, EMT, Paramedics, LE EMT's, etc. □ LE EMT's usually don't do ePCR's, only police report □ Smiley- Bill states "EMS Personnel", this is undefined. □ Caporale- no definition of an "emergency medical service provided", for example. Some discussion continued; however, many questions remain unanswered. EMSA and stakeholders will continue to address these as the proposed regulations continue. □ Smiley – if in EMS Plan, most likely will fall under this definition and as LE enters into ALS skills, LEMSA to determine. <p><u>Kim Lew, EMSA:</u></p> <ul style="list-style-type: none"> • Paramedic regulations will be open for review by OAL soon. Significant changes include the following: <ul style="list-style-type: none"> □ Training program approval by LEMSA where program/course located, instead of headquartered. □ TCC inclusion in program curriculum. □ Field Internship team lead requirement and high fidelity simulation allowed for part of ALS patient contacts
<p>Guidelines: Chapter 3</p>	<ul style="list-style-type: none"> • <u>Motion: Approved</u> to separate TCC guidelines into two documents: Tactical First Aid/TEMS FRO and Tactical Life Saver/TEMS Technician. EMSA to develop a new Tactical First Aid/TEMS FRO document that includes clarification on instructor eligibility, application of training, approval process, etc., but no change to the CTEMS approved curriculum and send it to CTEMS members for review and feedback prior to the next CTEMS meeting. • <u>Motion: Approved</u> curriculum proposed and provided to group of Ch. 3, Tactical First Aid/TEMS FRO, curriculum content • <u>Motion: Denied</u> request for specific lifts, carries, drags to be included as an appendix due to concern over specific educator/training contributions as a conflict of interest in a government document. There should be no reference to any particular provider. • <u>Motion: Approved</u> to schedule special CTEMS meeting in Dec. or Jan. to finalize the Tactical First Aid/TEMS FRO document for submission to the EMS Commission meeting March 15th. • Emphasis made to EMSA that Ch. 3, Tactical First Aid/TEMS FRO, is for Active Shooter/Terrorism, not TEMS/SWAT specific pre-planned events. • POST/EMSA training program triangle diagram to be included in documents.

<p>Guidelines: Chapter 4</p> <p>Guidelines: Chapter 4 (continued)</p>	<ul style="list-style-type: none"> • Motion: Approved to have sub-committee review and revise the Tactical Life Saver/TEMS Technician course by removing some of the sub-bullets and propose instructor eligibility requirements for this course. Sub-committee advised to consider what the terminal competencies should be upon completion of the course. • EMSA to ensure consistency of terms, such as “Learning Domain”, “Law Enforcement”, and “Casualty” vs. “patient” for both documents. • Request instructor eligibility requirements noted, such as completion of the Tactical First Aid/TEMS FRO. • Clarity noted that the Tactical Life Saver/TEMS Technician course is not to be attended in lieu of the POST Tactical Medicine courses. It is intended for first responders as an adjunct medical support response, not an assigned response as part of a SWAT team. • Removal of all references to specific hours for each topic.
