Mr. Dave Magnino, EMS Administrator
Sacramento County EMS Agency
9616 Micron Avenue, Suite 960
Sacramento, CA 95827

Dear Mr. Magnino:

This letter is in response to the Quality Improvement (QI) Program supplement to Sacramento County's 2013 EMS Plan Update submitted to the EMS Authority on December 9, 2015.

I. Introduction and Summary:

The EMS Authority has accepted the QI Program as submitted and is updating the status of Sacramento County's 2013 EMS Plan Update to fully approved.

II. History and Background:

The EMS Authority is responsible for the review of EMS Plans and for making a determination on the approval or disapproval of the plan, based on compliance with statute and the standards and guidelines established by the EMS Authority consistent with H&S Code § 1797.105(b).

The California Health and Safety (H&S) Code § 1797.254 states:

*"Local EMS agencies shall **annually** (emphasis added) submit an emergency medical services plan for the EMS area to the authority, according to EMS Systems, Standards, and Guidelines established by the authority".*

Historically, we have received EMS Plan documentation from Sacramento County for the following years: 1999, 2001, 2002, 2004, 2005, 2006, 2007, 2008, 2010, 2011, 2012, 2013, and most recently, its 2014 plan submission. Sacramento County received its last Full Plan approval for its 2010 plan, received temporary approval in 2014 for its 2013 Update, contingent on submission of a QI Program, and received approval in 2016 for its 2014 Update.

III. Analysis of EMS System Components:

Areas that indicate the plan submitted is concordant and consistent with applicable guidelines or regulations and H&S Code § 1797.254 and the EMS system components identified in H&S Code § 1797.103 are indicated below. Please refer to specific comments for each area provided in the temporary approval letter dated December 11, 2014.

IV. Conclusion:

Based on the information identified, Sacramento County may implement areas of the 2013 EMS Plan Update that have been approved. Pursuant to H&S Code § 1797.105(b):

"After the applicable guidelines or regulations are established by the Authority, a local EMS agency may implement a local plan...unless the Authority determines that the plan does not effectively meet the needs of the persons served and is not consistent with the coordinating activities in the geographical area served, or that the plan is not concordant and consistent with applicable guidelines or regulations, or both the guidelines and regulations established by the Authority."

V. Next Steps:

Due to Sacramento's subsequent submission and approval of its 2014 EMS Plan Update, Sacramento County's 2015 EMS Plan Update is due on or before January 15, 2017. In addition, an annual status update of the QI Program must also be submitted to the EMS Authority.
