For registered nurses (RNs) providing care in California hospitals, the Emergency Medical Services Authority (EMSA) and AACN has contracted with Elsevier to provide you with more than forty hours of Continuing Education, training, and knowledge related to the care of the COVID-19 ICU patient.

Training Objective: To educate staff and build confidence when participating in the care of critically ill patients.
Continuing Education Credits: Available for all content if lessons are completed in full

Register for Access

1. **Visit the Elsevier Login Page,** found [here](#).

2. **Select the** *Self-Registration* **link (Fig. 1).**
