10901 GOLD CENTER DR., SUITE 400
RANCHO CORDOVA, CA 95670
(916) 322-4336 FAX (916) 324-2875

February 22, 2023

Dan Lynch, EMS Director
Central California EMS Agency
PO Box 11867
Fresno, CA 93775

Dear Mr. Lynch,

This letter is in response to Central California's Emergency Medical Services (EMS) Agency's 2020 – 2022 EMS, Trauma, St-Elevation Myocardial Infarction (STEMI), Stroke, and Quality Improvement (QI), submissions to the EMS Authority on December 2, 2022.

The EMS Authority has reviewed the EMS plan, based on compliance with statutes, regulations, and case law. It has been determined that the plan meets all EMS system components identified in Health and Safety Code (HSC) § 1797.103 and is approved for implementation pursuant to HSC § 1797.105(b). Based on the transportation documentation provided, please find enclosed the ground exclusive operating area status, as compiled by the EMS Authority.

The EMS Authority has also reviewed the Trauma, STEMI, Stroke, and QI plans, based on compliance with Chapters 7, 7.1, 7.2, and 12 of the California Code of Regulations, Title 22, Division 9, and has been approved for implementation.

In accordance with HSC § 1797.254, EMS Plans are required to be submitted to the EMS Authority annually. Central California EMS Agency will not be considered current unless an EMS Plan is submitted for each year.

Your 2023 EMS plan will be due on or before February 22, 2024. Concurrently with the EMS plan, please submit an annual Trauma, STEMI, Stroke, and QI plan.

If you have any questions regarding the EMS Plan review, please contact Mr. Mark Olivas, Interim EMS Plans Coordinator, at (916) 204-7885, or mark.olivas@emsa.ca.gov.

Sincerely,
Tom McGinnis

Tom McGinnis, MHA, EMT-P
Chief, EMS Systems Division

December 2, 2022

Tom McGinnis, Chief
State of California
Emergency Medical Services Authority
EMS Division
10901 Gold Center Drive, 4th Floor
Rancho Cordova, CA 95670

Chief McGinnis,

Please find included with this letter the 2021 and 2022 Central California EMS Plan update. In addition, I have also included updates to the 2020 EMS Plan Tables. Since the 2019 plan was still being reviewed during 2020, I wanted to assure that the EMS Authority received the 2020 table information.

The EMS Plan submission from the Central California EMS Agency also includes the following plan updates:

- Continuous Quality Improvement Plan update
- STEMI Plan update
- Stroke Plan update, and
- Trauma Plan update

We appreciate the time that is involved to review these documents. If you have any questions, please contact me by email at dlynch@fresnocountyca.gov or by telephone at (559) 600-3387.

Sincerely

Daniel J. Lynch

Central California EMS Agency
EMS Plan UPDATE – November 2022

System Summary

This Emergency Medical Services (EMS) Plan update outlines the progress that has occurred over the past two years. It is difficult to discuss the changes in the last two years without acknowledging the incredible impact of the COVID-19 pandemic on the healthcare system, which includes the EMS system. While we seem to focus on the catastrophic effects of COVID-19 on our communities, the pandemic has also presented some positive opportunities that have changed EMS and the healthcare systems forever. The COVID-19 pandemic pushed the hospital and EMS systems to their near-breaking points. It revealed the incredible flexibility of EMS systems, its EMS personnel, and the safety-net that EMS provides to the state's healthcare system. In addition, the response to COVID-19 strengthened partnerships with the State EMS Authority (EMSA), hospitals, skilled nursing facilities, and ancillary healthcare centers. The ongoing objective is to maintain and foster these relationships.

Outside of COVID-19, the EMS System continues to address significant disruptions caused by unnecessary legislation and regulations that threaten to change the effective operations of the EMS system. While isolated localized disagreements occur in other parts of the state, the "fix" to that disagreement often becomes a legislative change, unnecessarily impacting all EMS systems. Fire services throughout the state are on the offensive intending to control EMS. They are using the court system and the legislative processes to push agendas beneficial to their cities or jurisdictions and catastrophic to organized countywide EMS systems. Regardless of whether the EMS system works well, counties and EMS agencies must spend time, energy, and money trying to protect themselves from these unnecessary actions. Staff time and costs to address these conflicts are overwhelming to a system with limited staff and very little access to funding for the EMS system.

The CCEMSA region has seen a significant increase in ambulance rates this past year due to the costs to recruit/retain personnel and other costs impacted by historic inflation. The CCEMSA has struggled to maintain programs and services due to increased costs and limited funding. The largest of the region's four counties, Fresno County, has been burdened with additional expenses that the three other member counties cannot fund and has been subsidizing these counties rather than decreasing the level of services. Fortunately, with the assistance of EMSA, the six EMS regions in the state successfully increased the State General Fund assistance for EMS regions in FY 22/23. This additional funding will benefit the regional EMS agencies in covering unrecoverable costs and moving forward with sustaining services and programs.

EMS system providers continue to struggle financially. Recruiting and retaining staff in the wake of the COVID-19 pandemic has been near catastrophic in some areas; ambulance rates are increasing, and services are maintaining. The volume of non-emergent patients transported by ambulance and seen in local emergency departments exceeds historical levels. Over 60% of the residents in the CCEMSA Region are Medi-Cal dependent, and 90% of the ambulance patients are either on Medi-Cal or Medi-Care. Since both Medi-Cal and Medicare are fixed rates and do not cover the marginal cost of ambulance transport, this leaves a substantial financial burden on the patient, ambulance provider, and private insurance carriers. The EMS Agency has supported legislation to add additional funding to the ambulance system through increases in Medi-Cal, the Quality Assurance Fee, the Ground Emergency Medical Transport program, and the Intergovernmental Transfer process. However, the increasing burden on ambulance providers and the lack

of stable reimbursement of ambulance services will continue to place the EMS system in a fragile position.

Overall, the EMS system remains resilient. While the COVID-19 pandemic has taken its toll, EMS providers and hospitals continue to manage sufficiently to provide quality services. The primary strength of the CCEMSA system is the partnerships and relationships between first responders, ambulance providers, hospitals, and the EMS agency.

The EMS system continues to use the Fresno County Crisis Stabilization Center as an approved alternate destination. The EMS agency and American Ambulance participated in the EMSA pilot project for community paramedics, which was specific to alternate destinations for behavioral health patients. The program has been very successful. While this was included in EMSA's pilot program, Fresno County has been using this alternate destination for over 20 years. This alternate destination is very important to the EMS system because nearly 50% of prehospital patients on a 5150 hold (over 400 patients) each month are transported to the alternate destination rather than to an emergency department. Fresno County and the EMS Agency have strongly opposed the Community Paramedic and Transport to Alternate Destination regulations because it believes this is a local issue using local resources and the State's involvement is over-reach.

The EMS Agency has made significant progress this past year, despite the challenges of COVID-19. The EMS plan sets out the priorities of the EMS system and lists the objectives to be achieved and maintained. The following is a summary of the progress made since our last EMS Plan update.

- System Organization and Management
 - Spent time and effort protecting the EMS region and EMS agency system from disruptive legislation and regulations that would decrease local control, remove medical control, and add significant costs to system operations. This includes the regulations on Community Paramedic and Transport to Alternate Destination, which will only add more requirements and changes to a system that has worked very well for over two decades.
 - Updated EMS Policies and Procedures for the 4-county EMS region
 - Construction and implementations of a new EMS Communications Center Facility that serves Fresno, Kings, and Madera counties and several fire departments in Fresno County.
 - Temporarily reorganized the EMS Agency staffing and responsibilities in response to the COVID-19 pandemic.
 - With assistance from the EMS Authority, we secured additional State General Fund assistance to help support the regional EMS system.
- Staffing and Training
 - Expanded the provision of two paramedic training courses each year by adding two hybrid courses in an effort to increase the number of paramedic graduates, which will assist in the recruitment and employment of paramedics throughout the region.
 - Established alternative training methodologies to address COVID-19 exposure and prevention.
 - Established an online certification/accreditation process to address COVID-19 exposure and prevention. The online certification process will remain the primary application process going forward.
 - The EMS Agency reimplemented the use of endotracheal intubation, which was discontinued

at the beginning of the COVID-19 pandemic. The reimplementation includes re-education and training requirements before the provider agency implement.

- The EMS Agency paramedic program coordinated with the other paramedic training program in the EMS region to share and coordinate the use and training of paramedic preceptors to assure consistency in oversight.

- Communications

- Completed construction and implementation of a new Fresno County EMS Communications Center facility that addresses future growth. This regional communications center receives and dispatched all medical 9-1-1 calls in Fresno, Kings, and Madera Counties and also is the primary fire dispatch center for the fire departments in the cities of Fresno, Clovis, Sanger, Hanford, Laton, and the North Central Fire Protection District.
- Installed and implemented a backup radio system for dispatch redundancy.
- Began installation of communications infrastructure for med channel 102, which will be used for a region-wide coordination channel.
- EMS Agency handheld radios were replaced using Homeland Security Funds.

- Response and Transportation

- Address increase of non-emergent requests for ambulance and impact on overwhelmed hospital emergency departments. The EMS agency implemented its “Assess and Refer” program and its suspension of ambulance responses to low priority requests.
- Due to overwhelming number of non-emergency 9-1-1 requests, the EMS Agency developed and implemented EMS policy 406 which authorized EMS dispatch to suspend non-emergency responses in order to assure that ambulances were available for emergency medical ambulance requests.
- Continued to monitor policies to address immediate transport of patients as a priority
- Monitor EMS response to 5150 and mental health patients. Continue work with behavioral health departments to better manage the care and destination of clients. This includes the participation in the triage to alternate destination program.
- Prepare and distribute monthly performance reports on ambulance providers
- Completed the annual ambulance rate study for the region.
- Continued to work with hospitals and ambulance providers on ambulance patient off-load times.
- Reviewed the procedure in Madera County regarding the use of first responders when the ambulance has an extended ETA.

- Facilities and Critical Care Centers

- Participation and leadership of the Central Region Trauma Coordinating Committee for development and management of a trauma system with-in the surrounding 12 counties
- Assist in the ACS re-verification of Community Regional Medical Center as a Level I Trauma Center and Kaweah Delta Medical Center as a Level III Trauma Center, and Valley Children’s Hospital as a Level II Pediatric Trauma Center. All trauma center have ACS verification.
- The Fresno County Crisis Stabilization Center continues to serve as an approved alternate destination for prehospital behavioral health patients.
- Due to the impact of COVID-19 on hospital staffing, the EMS agency worked to obtain

additional staffing and support hospitals as much as possible.

- Staff has been meeting with hospitals and stroke coordinators to develop a stroke destination system. This includes development of policies/procedures and agreements.
- STEMI center policies are being updated and staff are working with the three existing STEMI centers to update policies and discuss data transfers.
- The EMS Agency monitors the hospital census and emergency department status due to the increase in non-emergency medical requests to EMS and the use of emergency department my patients with non-emergency conditions.

- Data Collection and Evaluation

- Continued to evaluate and monitor on-scene time performance regarding STAT trauma and STAT Medical patients
- Continued the collection, verification and submittal of prehospital and trauma data to CEMESIS
- Transitioned patient care information data set to the latest version of NEMSIS and continue to work with providers to assure that data is correct
- Completed participation in the Central Valley Health Information Exchange and participated with Manifest Medex in the +EMS project. This included development of POLST in the EMS system.
- Established an online certification/accreditation process that allows for additional application data to meet the reporting requirements of state regulations.
- The EMS Agency assisted with the system transition to Imagetrend ePCR from a locally developed ePCR system called SIMON.
- The EMS Agency collected and reported Ambulance Patient Offload Times to the State and system participants.
- The EMS agency began the process to purchase FirstWatch software to better monitor system performance and improve reporting capabilities.

- Disaster Response

- Each County in the region employs a Medical/Health Operational Area Coordinator (MHOAC). The past two years have been exceptionally challenging, which required expanding staffing and resources for this program. The MHOAC staffing and response has been refined.
- Worked with a contractor to develop and finalize a COVID-19 After Action Report.
- Manage and implement the Public Health Emergency Preparedness Program and the Hospital Preparedness Program (HPP) Grants
- Reassigned staff to disaster medical services to assist with addressing the challenges found in the COVID-19 After Action Report.
- Authorized prehospital personnel to perform COVID-19 testing and the administration of COVID and Flu vaccine.
- Participation and leadership of the Homeland Security Grant Committee
- Planning and implementation of disaster drills including tabletop and functional hospital exercise, hazmat and MCI training, Incident Command System training, and ambulance strike team leader training.
- Activation of multiple ambulance strike teams to wildfires throughout California.
- Deployed ambulance strike teams to hospitals and skilled nursing facilities to provide staff

support.

- Continued implementation and training of EMS polices related to multi-casualty/mass casualty incidents, including prehospital, hospital, dispatch and EMS Agency responses
- Training and preparedness for deployment of ambulance strike teams incidents throughout the state
- The local EMS agency is involved in disaster planning and participates in disaster exercises in the operational area.

- Public Information and Education

- Release of media information and participation in media events related emergency medical services.
- Provided regular updates and impromptu interviews to news media regarding COVID-19 status and the status of hospitals and EMS system.

Confirmation of Compliance with New Laws and Regulations

The Central California EMS Agency participates in the EMSAAC legislative committee and maintains a strong awareness and vigilance of any legislation associated with emergency medical services. While there has been an increasing number of legislative activity related to EMS in the last few years, the EMS Agency has worked very hard to ensure that the EMS Agency and its EMS providers are in full compliance with all statutes and regulations.

The recent approval of the Community Paramedic or Triage to Alternate Destination regulations on November 1, 2022, will require minor changes to our existing Triage to Alternate Destination program, which was approved in 2018 under the EMSA Community Paramedic Pilot program. These minor changes are related to data collection and documentation. This program has been extremely important to the Fresno County EMS system because it allows almost 50% of the prehospital behavioral health patients to be transported to the County's Crisis Stabilization Center instead of a overcrowded hospital emergency department. As an existing pilot program, the Fresno County program has a grace period of one year to become fully compliant with the regulations that were implemented on November 1, 2022, which will not be an issue.

SB 438 was approved on October 1, 2019 and addressed emergency medical services dispatch. The Fresno County Department of Public Health's Emergency Services Division owns and operates a regional EMS and Fire Dispatch Center. This public safety dispatch center receives all medical 9-1-1 calls in Fresno, Kings, and Madera Counties and is the designated EMS dispatch center for all ambulance providers in those counties. In addition, it is also the primary fire department dispatch center for the Cities of Fresno, Clovis, Sanger, Hanford and North Central Fire Protection District and the community of Laton. The Fresno County EMS Communications Center receives and dispatch approx. 280,000 calls per year. The County of Tulare also has a consolidated EMS dispatch center that is recognized by the County, EMS agency, and fire agencies as the designated EMS dispatch center in Tulare County.

Both dispatch centers meet the requirements of SB 438, which includes Government Code Section 53110, Health and Safety Code Sections, 1797.223 and 1798.8. We are very proud of the dispatch center and the consolidation of EMS and Fire services, which provides a very efficient and cost effective service to the

community. We invite the EMS authority to visit this unique and important resource that serves the central valley.

EMS System Standards Update Chart

See the chart in the following pages

Standard	EMSA Requirement	Meets Minimum Req.	Short Range (one year or less)	Long Range (more than one year)	Progress	Objective
1.01	Each Local EMS Agency shall have a formal organizational structure which includes both staff and non-agency resources and which includes appropriate technical and clinical expertise.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	The EMS Agency has reorganized staff to address the priorities of the EMS Agency and to address cross-training of personnel through-out the agency. The organizational chart included in this update reflects the changes that have been made in job assignments.	To maintain funding and staffing levels that allows the EMS Agency to meet the requirements of the EMS Act and Code of Regulations.
1.02	Each local EMS agency shall plan, implement, and evaluate the EMS system. The agency shall use its quality assurance/quality improvement and evaluation processes to identify needed system changes	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	The EMS Agency Continuous Quality Improvement committee has implemented the evaluation of Community Paramedics and the alternate destination program. This committee also reviews the EMS agency's Assess and Refer program.	The objective is to monitor the care and treatment of EMS responses and report outcomes to the EMS system.

Standard	EMSA Requirement	Meets Minimum Req.	Short Range (one year or less)	Long Range (more than one year)	Progress	Objective
1.07	<p>The local EMS agency shall plan for trauma care and shall determine the optimal system design for trauma care in its jurisdiction.</p> <p>The local EMS Agency should designate appropriate facilities or execute agreements with trauma facilities in other jurisdictions</p>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	Valley Children's Hospital, Kaweah Delta and Community Regional Medical Center were re-verified by ACS. All trauma centers in CCEMSA are ACS verified and that is the standard in the EMS region.	All trauma centers in the EMS region will achieve verification through ACS.
1.10	<p>Each Local EMS Agency shall identify population groups served by the EMS system which require specialized services.</p> <p>Each EMS agency should develop services, as appropriate, for special population groups served by the EMS system which require specialized services.</p>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	While the EMS agency has met this requirements for many years, the one area of weakness was in disaster response and identifying these populations in the event of evacuation due to power shut-off or other disasters requiring evacuation. We are working with our PHEP program and our various county departments to develop a plan to access data that would identify fragile populations.	Continue to improve response to special populations.

Standard	EMSA Requirement	Meets Minimum Req.	Short Range (one year or less)	Long Range (more than one year)	Progress	Objective
1.11 and 1.24	<p>Each local EMS agency shall identify the optimal roles and responsibilities of system participants</p> <p>Each local EMS agency should ensure that system participants conform with their assigned roles, through mechanisms such as written agreements, facility designation, and exclusive operating areas.</p>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	After several years, the EMS agency was successful in approving an agreement with the California Highway Patrol for authorization of its ALS helicopter in Fresno County. Agreements exist with all ALS providers.	Continue to improve and enhance the EMS system wherever possible.
1.13	Each Local EMS agency shall coordinate EMS system operations	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	The EMS agency constructed a new regional dispatch center in 2021 that provides dispatch services for Fresno, Kings, and Madera Counties. It also includes several fire/first responder agencies. Med 102 is being added to the communications system	Continue to improve and enhance the EMS system wherever possible.
1.14	Each Local EMS Agency shall develop a policy and procedures manual which includes all EMS agency policies and procedures. The agency shall ensure that the manual is available to all EMS system providers (including public safety agencies, ambulance services, and hospitals) within the system.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	The policy and procedures manual is reviewed and policies are updated as needed on the EMS Agencies updated website. All policies and procedures are posted on the EMS agency website and changes to EMS policy are posted as draft and also sent out through social media when implemented.	Continue to improve and enhance the EMS system wherever possible.

Standard	EMSA Requirement	Meets Minimum Req.	Short Range (one year or less)	Long Range (more than one year)	Progress	Objective
1.16	Each local EMS agency shall have a funding mechanism which is sufficient to ensure its continued operation and shall maximize use of its Emergency Medical Services Fund	☑	☑	☑	The EMS Agency has been struggling with a balanced budget due to increasing personnel costs and impacts of legislative and regulatory requirements. The EMS Agency has re-assessed fees and increased the cost to its member counties. The EMS Fund has decreased 65% and this has increased the need to adjust fees. With successful results, the EMS agency worked with the EMS Authority and the other EMS regions to increase regional general funds, which went into effect FY 22/23.	To maintain funding and staffing levels that allows the EMS Agency to meet the requirements of the EMS Act and Code of Regulations.
2.01	The EMS agency shall routinely assess personnel and training needs	☑	☑	☑	COVID-19 required the EMS agency to quickly evaluate the needs of the response and determine the role that EMS personnel are needed to fill. This included additional training in COVID testing and vaccinations. It also included training that allowed EMS personnel to fulfill staff shortages in hospitals and skilled nursing care facilities	Continue to improve and enhance the EMS system wherever possible.

Standard	EMSA Requirement	Meets Minimum Req.	Short Range (one year or less)	Long Range (more than one year)	Progress	Objective
2.03	The local EMS agency shall have mechanisms to accredit, authorize, and certify prehospital personnel and conduct certification reviews, in accordance with state regulations. This shall include a process for prehospital providers to identify and notify the local EMS agency of unusual occurrences which could impact EMS personnel and certification.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	In 2021, the EMS agency implemented a new online certification system that captures application information and provide reporting functionality to the state and agency staff.	Continue to improve and enhance the EMS system wherever possible.
2.04 and 3.09	Public safety answering point (PSAP) operators with medical responsibility shall have emergency medical orientation and all medical dispatch personnel (both public and private) shall receive emergency medical dispatch training in accordance with the EMS Authority's Emergency Medical Dispatch Guidelines	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	The Fresno CalFire dispatch center is not in compliance with AB 438 and EMS agency policy, which requires all dispatchers that answer an medical 9-1-1 call to be trained and certified in emergency medical dispatch. This dispatch center receives medical 9-1-1 calls directly from PSAPS and then transfers the caller again to the EMS agency's designated EMS dispatch center for prearrival instructions and priority dispatch determination.	Continue to improve and enhance the EMS system wherever possible.

Standard	EMSA Requirement	Meets Minimum Req.	Short Range (one year or less)	Long Range (more than one year)	Progress	Objective
3.05	All hospitals within the local EMS system shall have the ability to communicate by two-way radio	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	We have attempted to use the HEAR radio system in past. It does not allow for region-wide coverage. We are working on a different plan that meets the needs of the system. StatusNet software has been installed in every receiving hospital and allows the hospitals to communicate with each other.	Continue to improve and enhance the EMS system wherever possible.
3.09 / 4.03 / 6.04	The local EMS agency shall establish guidelines for proper dispatch triage which identifies appropriate medical response	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	The two designated EMS dispatch centers in the CCEMSA use Medical Priority Dispatch System, which is in compliance with AB 438 and EMS agency policy and procedures. Unfortunately, the Fresno CalFire dispatch center is not in compliance with AB 438 and EMS agency policy, which receives medical 9-1-1 calls directly from smaller PSAPs and then transfers the caller again to the EMS agency's designated EMS dispatch center for prearrival instructions and priority dispatch determination.	Continue to improve and enhance the EMS system wherever possible.

Standard	EMSA Requirement	Meets Minimum Req.	Short Range (one year or less)	Long Range (more than one year)	Progress	Objective
4.01	<p>Each local EMS Agency shall determine the boundaries of emergency medical transportation service areas.</p> <p>The local EMS agency should secure a county ordinance or similar mechanism for establishing emergency medical transport service areas</p>	☑	☑	☑	<p>In June 2019, the EMS agency worked with two ambulance providers to modify response areas to assure that the closest ambulance was sent and that performance standards could be measured..</p>	<p>Continue to find opportunities to increase the level of service throughout the EMS region</p>
4.03 and 6.04	<p>The local EMS agency shall determine criteria for classifying medical requests and shall determine the appropriate level of medical response for each.</p>	☑	☑	☑	<p>The EMS Medical Director and the EMS director evaluate the response data every 3 years to assure that the appropriate response priority is assigned to each call determinant. This evaluation is an in-depth study of 3 years data, consisting of over 300,000 responses. The result has safely reduced the number of vehicles responding with red lights and sirens.</p>	<p>Continue to find opportunities to increase the level of service throughout the EMS region</p>

Standard	EMSA Requirement	Meets Minimum Req.	Short Range (one year or less)	Long Range (more than one year)	Progress	Objective
4.10 and 4.18	The local EMS agency shall identify the availability and staffing of medical and rescue aircraft for emergency patient transportation and shall maintain written agreements with aeromedical services operating within the EMS area	☑	☑	☑	In 2019, the EMS agency obtained an agreement with the State CHP, which provides a paramedic helicopter in the EMS Agency services area.	Continue to improve and enhance the EMS system wherever possible
4.12	The local EMS agency, in cooperation with the local office of emergency services (OES), shall plan for mobilizing response and transport vehicles for disaster	☑	☑	☑	<p>In 2018, the EMS Director was given responsibility for oversight of the Fresno County Office of Emergency Services. The combining of these programs has enhanced our ability to account for and assess resources, as well as, planning for the mobilization of vehicles and resources.</p> <p>The MHOAC also is housed in the EMS Agency, which provides a huge advantage in response capability.</p>	Assure that the EMS system is prepared for disaster response

Standard	EMSA Requirement	Meets Minimum Req.	Short Range (one year or less)	Long Range (more than one year)	Progress	Objective
4.13	The local EMS agency shall develop agreements permitting intercounty response of emergency medical transportation vehicles and EMS personnel.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	In 2020, the EMS Agency signed on to the State medical mutual aid agreement that provides the necessary procedures to assure response throughout California.	.Assure that the EMS system is prepared for disaster response
4.14	The local EMS agency shall develop multi-casualty response plans and procedures which include provisions for on-scene medical management, using the Incident Command System.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	The EMS Agency and providers have been involved in large multi-disciplinary trainings that involved training in ICS.	Assure that the EMS system is prepared for disaster response

Standard	EMSA Requirement	Meets Minimum Req.	Short Range (one year or less)	Long Range (more than one year)	Progress	Objective
5.02	The local EMS agency shall establish prehospital triage protocols and shall assist hospitals with the establishment of transfer protocols and agreements	☑	☑	☑	The EMS agency has worked closely with the trauma centers and the local hospital council to re-establish and update transfer protocols and procedures for interfacility transfers. In addition, prehospital triage protocols have also been reviewed as we establish stroke center procedures. During the surge of COVID-19, procedures were established to “level-load” ICU patients throughout the region.	Continue to find opportunities to increase the level of service throughout the EMS region
5.06	The local EMS agency shall have a plan for hospital evacuation, including its impact on other EMS system providers	☑	☑	☑	<p>In partnership with the Hospital Preparedness Program, the EMS Agency works with the hospitals on an evacuation plan and process.</p> <p>Two hospital evacuation exercises have been conducted in the region and the MHOAC and RDMHS have also been involved.</p>	Continue to work with local area hospitals for integration into the EMS system.

Standard	EMSA Requirement	Meets Minimum Req.	Short Range (one year or less)	Long Range (more than one year)	Progress	Objective
5.13	<p>Local EMS agencies developing specialty care plans for EMS-targeted clinical conditions shall determine the optimal system for the specific condition involved including:</p> <ul style="list-style-type: none"> a) The number and role of system participants b) The design of catchment area c) Identification of patients who should be triaged or transferred to a designated center d) The role of non-designated hospitals including those which are outside of the primary triage area, and e) A plan for monitoring the evaluation of the system. 	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<p>The EMS Agency is completing the specialty care program plans that will be included with this EMS plan submission. These plans include Cardiac Center, Stroke Center, and Trauma Center plans.</p> <p>Fresno County utilizes the Crisis Stabilization Center as an approved alternate destination for prehospital behavioral health patients.</p>	<p>Continue to work with local area hospitals for integration into the EMS system.</p>
5.14	<p>In planning other specialty care systems, the local EMS agency shall ensure input from both prehospital and hospital providers and consumers.</p>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<p>The EMS agency has been working with system participants on the development of a prehospital stroke system. It is anticipated that a stroke system will be implemented in 2022 with great involvement of hospitals and in accordance with the newly approved state regulations.</p>	<p>Continue to work with local area hospitals for integration into the EMS system</p>

Standard	EMSA Requirement	Meets Minimum Req.	Short Range (one year or less)	Long Range (more than one year)	Progress	Objective
6.11	The local EMS agency shall ensure that designated trauma centers provide required data to the EMS agency, including specific information which is required for quality assurance/quality improvement and system evaluation.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Trauma data from all three trauma centers is regularly submitted to CEMSIS	Continue to work with local area hospitals for integration into the EMS system.

TABLE 2: System Organization and Management

EMS System: Central California EMS Agency

Reporting Year: 2021

NOTE: Number (1) below is to be completed for each county. The balance of Table 2 refers to each agency.

1. Percentage of population served by each level of care by county:

County: Fresno

a. Basic Life Support (BLS)	<u>12.17%</u>
b. Limited Advanced Life Support (LALS)	<u>-0-</u>
c. Advanced Life Support (ALS)	<u>87.83%</u>

County: Kings

a. Basic Life Support (BLS)	<u>2.1%</u>
b. Limited Advanced Life Support (LALS)	<u>-0-</u>
c. Advanced Life Support (ALS)	<u>97.9%</u>

County: Madera

a. Basic Life Support (BLS)	<u>1.6%</u>
b. Limited Advanced Life Support (LALS)	<u>-0-</u>
c. Advanced Life Support (ALS)	<u>98.4%</u>

County: Tulare

a. Basic Life Support (BLS)	<u>9.1%</u>
b. Limited Advanced Life Support (LALS)	<u>-0-</u>
c. Advanced Life Support (ALS)	<u>90.9%</u>

Table 2 - System Organization & Management (cont.)

2. Type of agency a.*
 a - Public Health Department
 b - County Health Services Agency *Fresno County Department of Public Health under contract to Kings, Madera and Tulare Counties
 c - Other (non-health) County Department
 d - Joint Powers Agency
 e - Private Non-profit Entity

3. The person responsible for day-to-day activities of EMS agency reports to: d.
 a - Public Health Officer
 b - Health Services Agency Director/Administrator
 c - Board of Directors
 d - Other: Fresno - Director of Public Health;
Kings - Public Health Director;
Madera - Director of Public Health,
Tulare – Health Agency Director

4. Indicate the non-required functions which are performed by the agency

Implementation of exclusive operating areas	Yes
Designation of trauma centers/trauma care system planning	Yes
Designation/approval of pediatric facilities	Yes
Designation of STEMI centers	Yes
Designation of Stroke centers	Yes
Designation of other critical care centers	Yes
Development of transfer agreements	Yes
Enforcement of local ambulance ordinance	Yes
Enforcement of ambulance service contracts	Yes
Operation of ambulance service	No
Continuing education	Yes
Personnel training	Yes
Operation of oversight of EMS dispatch center	Yes
Non-medical disaster planning	Yes
Administration of critical incident stress debriefing team (CISD)	No
Administration of disaster medical assistance team (DMAT)	No
Administration of EMS Fund [Senate Bill (SB) 12/612]	Yes
Administration of local EMS training/certification of EMS Dispatchers, MICNs and Base Hospital Physicians	Yes
Assist with the training of Emergency Resident Physicians and National Park Ranger (ParkMedic) Program	Yes

Table 2 - System Organization & Management (cont.)

5. EXPENSES

Salaries and benefits (all but contract personnel)	<u>\$1,987,260</u>
Contract Services (e.g. medical director)	<u>\$76,620</u>
Operations (e.g. copying, postage, facilities)	<u>\$705,462</u>
Travel, Education, Garage	<u>\$22,181</u>
Fixed assets	<u>\$0</u>
Indirect expenses (overhead)	<u>\$0</u>
Ambulance subsidy (Separate budget from EMS Agency)	<u>\$113,375</u>
EMS Fund payments to physicians/hospital	<u>Managed by each County</u>
Dispatch center operations (non-staff)	<u>\$2,882,318</u>
Training program operations	<u>\$104,159</u>
Other: Public Health Funding	<u>\$0</u>
TOTAL EXPENSES	<u>\$5,891,375</u>

Note: The EMS agency is included in the Fresno County Public Health Department – Emergency Services Division, which includes the EMS agency, the Public Health Emergency Preparedness Program (PHEP), the Hospital Preparedness (HPP) Program, and the Fresno County Office of Emergency Services (OES). The expenses and revenues do not included PHEP, HPP, or OES.

Table 2 - System Organization & Management (cont.)

6. SOURCES OF REVENUE

Special project grant(s) [from EMSA]	-0-
Preventive Health and Health Services (PHHS) Block Grant	-0-
Office of Traffic Safety (OTS)	-0-
State general fund	<u>\$406,201</u>
County general fund	-0-
Other local tax funds (e.g., EMS district)	-0-
County contracts (e.g. multi-county agencies)	<u>\$161,592</u>
Certification fees	<u>\$81,098</u>
Training program approval fees	-0-
Training program tuition/Average daily attendance funds (ADA)	<u>\$456,048</u>
Job Training Partnership ACT (JTPA) funds/other payments	-0-
Base hospital application fees	-0-
Base hospital designation fees	-0-
Trauma center application fees	-0-
Trauma center designation fees	-0-
Pediatric facility approval fees	-0-
Pediatric facility designation fees	-0-
Other critical care center application fees	-0-
Type: <u>n/a</u>	
Other critical care center designation fees	-0-
Type: <u>n/a</u>	
Ambulance service/vehicle fees	-0-
Contributions	-0-
EMS Fund (SB 12/612)	<u>\$130,000</u>
Other grants: HPP	<u>\$56,127</u>
Other fees: <u>Dispatch Services</u>	<u>\$2,786,508</u>
Other (specify): <u>Other Public Health Funding</u>	<u>\$1,813,801</u>
 TOTAL REVENUE	 <u>\$5,891,375</u>

TABLE 6: Facilities/Critical Care

EMS System: Central California EMS Agency

Reporting Year: 2022

NOTE: Table 6 is to be reported by agency.

Trauma

Trauma patients:

- a) Number of patients meeting trauma registry criteria 5045
- b) Number of major trauma victims transported directly to a trauma center by ambulance 1,126
- c) Number of major trauma patients transferred to a trauma center 51
- d) Number of patients meeting triage criteria who weren't treated at a trauma center Unknown

Emergency Departments

Total number of emergency departments:

- a) Number of referral emergency services 0
- b) Number of standby emergency services 3
- c) Number of basic emergency services 7
- d) Number of comprehensive emergency services 4

Receiving Hospitals

- 1. Number of receiving hospitals with written agreements 3
- 2. Number of base hospitals with written agreements 3

TABLE 7 - SYSTEM RESOURCES AND OPERATIONS - Disaster Medical (cont.)

3. Have you tested your MCI Plan this year in a:
 - a. real event? yes X no ____
 - b. exercise? yes X no ____
4. List all counties with which you have a written medical mutual aid agreement.
Developed through RDMHC for OES Region V
5. Do you have formal agreements with hospitals in your operational area to participate in disaster planning and response? yes ____ no X
6. Do you have a formal agreement with community clinics in your operational areas to participate in disaster planning and response? yes ____ no X
7. Are you part of a multi-county EMS system for disaster response? yes X no ____
8. Are you a separate department or agency? yes ____ no X
9. If not, to whom do you report? Fresno County Public Health Director
10. If not in the Health Department, do you have a plan to coordinate public health and environmental health issues with the Health Department? yes ____ no n/a

EMS System: Central California EMS Agency

County: Kings County

Reporting Year: 2022

SYSTEM RESOURCES

- 1. Casualty Collections Points (CCP)
 - a. Where are your CCPs located? Refer to Kings County CCP List - attached
 - b. How are they staffed? Multi-agency staffing - as necessary
 - c. Do you have a supply system for supporting them for 72 hours? yes X no

- 2. CISD
 - Do you have a CISD provider with 24 hour capability? yes X no

- 3. Medical Response Team
 - a. Do you have any team medical response capability? yes no X
 - b. For each team, are they incorporated into your local response plan? yes no X
 - c. Are they available for statewide response? yes no X
 - d. Are they part of a formal out-of-state response system? yes no X

- 4. Hazardous Materials
 - a. Do you have any HazMat trained medical response teams? yes no X
 - b. At what HazMat level are they trained? n/a
 - c. Do you have the ability to do decontamination in an emergency room? yes X no
 - d. Do you have the ability to do decontamination in the field? yes X no

OPERATIONS

- 1. Are you using a Standardized Emergency Management System (SEMS) that incorporates a form of Incident Command System (ICS) structure? yes X no

- 2. What is the maximum number of local jurisdiction EOCs you will need to interact with in a disaster? 4

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: The Fresno County Exclusive Operating Area
Name of Current Provider(s): American Ambulance
<p>Area or subarea (Zone) Geographic Description: The Fresno County Exclusive Operating Area includes the northern portion of the County. It currently includes all or portions of the cities of Fresno, Clovis, Firebaugh, Mendota, and San Joaquin. The only areas of Fresno County not currently included as part of the exclusive operating area are Coalinga/Huron Service Area (Zone C), Selma/Fowler Service Area (Zone G), Sanger/Pine Flat Reservoir Service Area (Zone I), Reedley/Orange Cove/Parlier Service Area (Zone J), and Kingsburg Service Area (Zone K).</p>
<p>Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) – <u>Exclusive</u> Division 2.5 of the California Health and Safety Code allows the EMS Agency, upon the recommendation of the County, to restrict operations to one or more emergency ambulance services or providers of limited advanced life support or advanced life support within a specific geographic area. The procurement restricts operations within the Fresno County exclusive operating area to a single emergency ground ambulance service and advanced life support (paramedic) ground ambulance service.</p>
<p>Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity</p> <p><u>Type:</u> Emergency Ambulance <u>Level:</u> 9-1-1 and 7-digit response, ALS Ambulance, Critical Care Transport, ALS Interfacility Transports, and Stand-by services with transport authorization</p>
<p>Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u>, pertinent facts concerning changes in scope and manner of service. description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u>, method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers. Since 1984, the Fresno County Exclusive Operating Area has been awarded through multiple consecutive competitive procurement processes. The original procurement process included a competitive bid process in 1984 which awarded a three year contract. A second competitive procurement process was initiated in 1986 which awarded a five year contract with an additional 4 year extension to the provider. A third competitive bid process in 1997 was also implemented and ended on December 2007. After a competitive bid process in 2007, a five-year contract was awarded and implemented on January 1, 2008 that included one optional five-year extension. In 2017 a competitive bid process was completed and an new exclusive ambulance agreement was implemented on January 1, 2018. The exclusive agreement included the option for a 5-year extension, which was approved by the Fresno County Board of Supervisors. The agreement will expire on 12/31/2027. Prior to each procurement process, all request for proposals were submitted and approved by the State EMS Authority.</p>

EMS PLAN

AMBULANCE ZONE SUMMARY FORM

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Fresno County – Ambulance Zone C (Non-Exclusive Operating Area)
Name of Current Provider(s): Coalinga City Fire Department
Area or subarea (Zone) Geographic Description: Fresno County Ambulance Zone C is located in southwestern Fresno County and includes the Cities of Coalinga and Huron, and the unincorporated areas surrounding these cities. It borders the County of Kings on the south and east, the Counties of San Luis Obispo and Monterey on the west, and the Fresno County Exclusive Operating area on the north.
Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) Include intent of local EMS agency and Board of Supervisors action. Fresno County Ambulance Zone C is a non-exclusive operating area.
Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity (i.e. 9-1-1 calls only, all emergencies, all calls requiring emergency ambulance service, etc.). Fresno County Ambulance Zone C is a non-exclusive operating area.
Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u> , pertinent facts concerning changes in scope and manner of service, description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u> , method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers. Fresno County Ambulance Zone C is a non-exclusive operating area.

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Fresno County – Ambulance Zone G (Non-Exclusive Operating Area)
Name of Current Provider(s): Selma City Fire Department
Area or subarea (Zone) Geographic Description: Fresno County Ambulance Zone G is located in central Fresno County and includes the Cities of Selma and Fowler and the western portion of the City of Parlier. It also includes the unincorporated areas surrounding these cities. It borders Ambulance Zone K on the south, the Reedley Exclusive Operating Area on the east, and the Fresno County Exclusive Operating area on the north.
Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) Include intent of local EMS agency and Board of Supervisors action. Fresno County Ambulance Zone G is a <u>non-exclusive</u> operating area.
Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity (i.e. 9-1-1 calls only, all emergencies, all calls requiring emergency ambulance service, etc.). Fresno County Ambulance Zone G is a non-exclusive operating area.
Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u> , pertinent facts concerning changes in scope and manner of service, description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u> , method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers. Fresno County Ambulance Zone G is a non-exclusive operating area.

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Fresno County – Ambulance Zone I (Non-Exclusive Operating Area)
Name of Current Provider(s): Sanger City Fire Department / Sequoia Safety Council
Area or subarea (Zone) Geographic Description: Fresno County Ambulance Zone I is located in central Fresno County and includes the Cities of Sanger, the communities of Del Rey, Centerville and Minkler, and includes the unincorporated areas surrounding these areas. It borders Ambulance Zone G and the Reedley Exclusive Operating Area on the South, and the Fresno County Exclusive Operating area on the north, west and east.
Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) Include intent of local EMS agency and Board of Supervisors action. Fresno County Ambulance Zone I is a <u>non-exclusive</u> operating area.
Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity (i.e. 9-1-1 calls only, all emergencies, all calls requiring emergency ambulance service, etc.). Fresno County Ambulance Zone I is a non-exclusive operating area.
Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u> , pertinent facts concerning changes in scope and manner of service, description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u> , method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers. Fresno County Ambulance Zone I is a non-exclusive operating area.

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Fresno County - Reedley Exclusive Operating Area (Ambulance Zone J)
Name of Current Provider(s): Sequoia Safety Council
Area or subarea (Zone) Geographic Description: The Reedley Exclusive Operating Area is located in southeastern Fresno County and includes the Cities of Reedley, Orange Cove, the eastern portion of the City of Parlier, and the communities of Squaw Valley, Dunlap, Miramonte, and Pinehurst. It borders the County of Tulare on the South, Sequoia and Kings Canyon National Parks on the east, Fresno County Ambulance Zone G (non-exclusive) on the west, and Fresno County Ambulance Zone I (non-exclusive) on the north.
Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) - <u>Exclusive</u> Division 2.5 of the California Health and Safety Code allows the EMS Agency, upon the recommendation of the County, to restrict operations to one or more emergency ambulance services or providers of limited advanced life support or advanced life support within a specific geographic area. The designation restricts operations within the Reedley Exclusive Operating Area to a single emergency ground ambulance service. By creating the Reedley EOA in Fresno County, it is the intent of the Local EMS Agency, at the recommendation of the Fresno County Board of Supervisors, to sustain the current level of medical standards and performance.
Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity <u>Type:</u> Emergency Ambulance <u>Level:</u> 9-1-1 and 7-digit response, Stand-by Service with Transport Authorization
Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u> , pertinent facts concerning changes in scope and manner of service, description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u> , method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers. The EMS Agency, at the recommendation of the Fresno County Board of Supervisors, has developed and implemented a local plan that continues the use of existing providers operating within the local EMS area in the manner and scope in which the services have been provided without interruption since January 1, 1981. Sequoia Safety Council is a non-profit community owned service, which was established in 1953. Sequoia Safety Council has operated in the geographical area of the Reedley EOA since that time without interruption. In 1986, Sequoia Safety Council evolved to Limited Advanced Life Support (EMT-II) and then to Advanced Life Support (Paramedic) in 1987. Since 1953, Sequoia Safety Council has been the only ambulance service providing primary emergency ambulance services within the geographical area of the Reedley EOA in Fresno County. On occasion, other ambulance providers respond into the Sequoia Safety Council's response area when needed for mutual aid assistance. There has been no change in the ownership of Sequoia Safety Council, nor has the geographical area of their service area changed.

EMS PLAN AMBULANCE ZONE SUMMARY FORM

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Fresno County – Ambulance Zone K (Non-Exclusive Operating Area)
Name of Current Provider(s): Kingsburg City Fire Department
Area or subarea (Zone) Geographic Description: Fresno County Ambulance Zone K is located in south Fresno County and includes the Cities of Kingsburg and the unincorporated areas surrounding this area. It borders Ambulance Zone G on the north, the County of Tulare on the South, and the Fresno County Exclusive Operating area on the north and west.
Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) Include intent of local EMS agency and Board of Supervisors action. Fresno County Ambulance Zone K is a <u>non-exclusive</u> operating area.
Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity (i.e. 9-1-1 calls only, all emergencies, all calls requiring emergency ambulance service, etc.). Fresno County Ambulance Zone K is a non-exclusive operating area.
Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u> , pertinent facts concerning changes in scope and manner of service, description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u> , method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers. Fresno County Ambulance Zone K is a non-exclusive operating area.

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Fresno County – Ambulance Zone N - ELIMINATED
Name of Current Provider(s): <u>This Ambulance Zone was eliminated on January 1, 2018 and was included the Fresno EOA and the competitive bid process</u>
<p>Area or subarea (Zone) Geographic Description: Fresno County Ambulance Zone N is located in north-central Fresno County and includes the Cities of Kerman, the communities of Biola and Rolinda. This area includes the unincorporated areas surrounding this area, which includes the county islands in the north west area of the City of Fresno. It is bordered by the County of Madera on the north and the Fresno County Exclusive Operating area on the south, east, and west. The border is the boundary of the North Central Fire Protection District. The eastern border of this ambulance zone changes as the City of Fresno annexes areas of Ambulance Zone N. When that occurs, the annexed portion is automatically included in the Fresno County Exclusive Operating Area.</p>
<p>Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) Include intent of local EMS agency and Board of Supervisors action.</p> <p>Fresno County Ambulance Zone N is a non-exclusive operating area.</p>
<p>Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity (i.e. 9-1-1 calls only, all emergencies, all calls requiring emergency ambulance service, etc.).</p> <p>Fresno County Ambulance Zone N was eliminated.</p>
<p>Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u>, pertinent facts concerning changes in scope and manner of service, description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u>, method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers.</p> <p>Fresno County Ambulance Zone N is a non-exclusive operating area. Fresno County Ambulance Zone N was included in the competitive bid process for the Fresno County Exclusive Operating Area and will be added to the Area effective January 1, 2018.</p>

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: The Kings County Exclusive Operating Area
Name of Current Provider(s): American Ambulance
Area or subarea (Zone) Geographic Description: The Kings County Exclusive Operating Area includes the entire County of Kings excluding the Riverdale Service Area (Zone 01), Kingsburg Service Area (Zone 03), and the Lemoore Naval Air Station Service Area (Zone 04).
<p>Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) - <u>Exclusive</u> Include intent of local EMS agency and Board of Supervisors action.</p> <p>Division 2.5 of the California Health and Safety Code allows the EMS Agency, upon the recommendation of the County, to restrict operations to one or more emergency ambulance services or providers of limited advanced life support or advanced life support within a specific geographic area. The procurement restricts operations within the exclusive operating area to a single ground emergency ambulance service and ground advanced life support service.</p>
<p>Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity (i.e. 9-1-1 calls only, all emergencies, all calls requiring emergency ambulance service, etc.).</p> <p><u>Type:</u> Emergency Ambulance <u>Level:</u> 9-1-1 and 7-digit response, ALS Ambulance, ALS IFT, stand-by services with transport authorization.</p>
<p>Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u>, pertinent facts concerning changes in scope and manner of service. Description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u>, method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers.</p> <p>Since 1995, the Kings County Exclusive Operating Area has been awarded through multiple consecutive competitive procurement processes. The original procurement process included a competitive bid process in 1995 which awarded a five year contract. A competitive process has been used in 2000 and 2010. The most recent agreement expired on October 31, 2020. A new competitive bid process was conducted in 2020 and the RFP was submitted and approved by the State EMS Authority as an amendment to the EMS plan. American Ambulance was chosen to continue as the exclusive provider under a new 5 year agreement beginning November 1, 2020 through October 31, 2025. The exclusive agreement also contains an option for one 5-year extension upon approval by the EMS Agency and County.</p>

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Kings County Ambulance Zone 01
Name of Current Provider(s): American Ambulance
Area or subarea (Zone) Geographic Description: The Kings County Ambulance Zone 01 is located on the northern border of Kings County, immediately adjacent to the Fresno County community of Riverdale. This area is Bordered on the south by the Kings River, which allows quicker response times from Fresno County. It contains only a rural area of Kings County and does not include any incorporated areas.
Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) Include intent of local EMS agency and Board of Supervisors action. Kings County Ambulance Zone 1 is a <u>non-exclusive</u> area.
Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity (i.e. 9-1-1 calls only, all emergencies, all calls requiring emergency ambulance service, etc.). Kings County Ambulance Zone 1 is a non-exclusive area.
Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u> , pertinent facts concerning changes in scope and manner of service. Description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u> , method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers. Kings County Ambulance Zone 1 is a non-exclusive area.

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Kings County Ambulance Zone 03
Name of Current Provider(s): Kingsburg City Fire Department
Area or subarea (Zone) Geographic Description: The Kings County Ambulance Zone 03 is located on the north-eastern border of Kings County and Fresno County, which is immediately adjacent to the City of Kingsburg in Fresno County. This area is bordered on the south by the Kings County EOA Zone 09 and 02, Tulare County on the East, and Fresno County on the west and north. The area contains a rural/unincorporated area of Kings County.
Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) Include intent of local EMS agency and Board of Supervisors action. Kings County Ambulance Zone 3 is a <u>non-exclusive</u> area.
Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity (i.e. 9-1-1 calls only, all emergencies, all calls requiring emergency ambulance service, etc.). Kings County Ambulance Zone 3 is a non-exclusive area.
Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u> , pertinent facts concerning changes in scope and manner of service. Description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u> , method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers. Kings County Ambulance Zone 3 is a non-exclusive area.

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Kings County Ambulance Zone 04
Name of Current Provider(s): United States - Naval Air Station-Lemoore
Area or subarea (Zone) Geographic Description: The Kings County Ambulance Zone 04 is the geographical area and jurisdiction of the federal government installation – Naval Air Station –Lemoore. It is bordered by the Kings County EOA on the north, east and south, and is bordered by Fresno County on the west.
Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) Include intent of local EMS agency and Board of Supervisors action. Kings County Ambulance Zone 4 is operated by the federal government and Naval Air Station – Lemoore
Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity (i.e. 9-1-1 calls only, all emergencies, all calls requiring emergency ambulance service, etc.). Kings County Ambulance Zone 4 is operated by the federal government and Naval Air Station - Lemoore
Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u> , pertinent facts concerning changes in scope and manner of service. Description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u> , method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers. Kings County Ambulance Zone 4 is operated by the federal government and Naval Air Station - Lemoore

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Madera County – Chowchilla Area Ambulance Zone
Name of Current Provider(s): Pistoresi Ambulance Service, Inc.
<p>Area or subarea (Zone) Geographic Description: The Madera County – Chowchilla Area Ambulance Zone is located in the northwestern Madera County and includes the City of Chowchilla, the communities of Fairmead, Dairyland, and the unincorporated areas surrounding these communities. It borders the Madera Area Zone on the south, the County of Merced on the west, and the Madera County Mountain Exclusive Operating area on the north.</p>
<p>Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) Include intent of local EMS agency and Board of Supervisors action.</p> <p>The Madera County – Chowchilla Area Ambulance Zone is non-exclusive operating area.</p>
<p>Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity (i.e. 9-1-1 calls only, all emergencies, all calls requiring emergency ambulance service, etc.).</p> <p>The Madera County – Chowchilla Area Ambulance Zone is non-exclusive operating area.</p>
<p>Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u>, pertinent facts concerning changes in scope and manner of service, description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u>, method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers.</p> <p>The Madera County – Chowchilla Area Ambulance Zone is non-exclusive operating area.</p>

NOTE: This document was corrected in 2009. The previously submitted documents incorrectly and inaccurately included the Chowchilla Area Ambulance Zone and the Madera Area Ambulance Zone into one response area serviced by Pistoresi Ambulance. In fact, there are two separate and distinct ambulance zones which are each served by separate entities. The Chowchilla Area is served by Pistoresi Ambulance Service Inc. and the Madera Area is served by Pistoresi Ambulance Service of Madera, Inc.

**EMS PLAN

If <u>Competitively determined</u> , method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers. Tulare County Ambulance Zone 3 is a non-exclusive operating area.

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Tulare County – Ambulance Zone 4
Name of Current Provider(s): American Ambulance of Visalia Exeter District Ambulance
Area or subarea (Zone) Geographic Description: Tulare County Ambulance Zone 4 is located in the northeast portion of Tulare County. This zone includes the community of Three Rivers and the unincorporated areas surrounding this community. Ambulance Zone 4 is bordered by Tulare County Ambulance Zone 13 on the north, Tulare County Ambulance Zone 5 and 3 on the west, Tulare County Ambulance Zone 9, 14, and 17 on the south, and the Sequoia National Park/Mono County on the east.
Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) Tulare County Ambulance Zone 4 is a non-exclusive operating area. It became a Non-Exclusive Operating Area on August 17, 2010, when Three-Rivers Ambulance discontinued service.
Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity Tulare County Ambulance Zone 4 is a non-exclusive operating area.
Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u> , pertinent facts concerning changes in scope and manner of service, description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u> , method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers. Tulare County Ambulance Zone 3 is a non-exclusive operating area. It became a Non-Exclusive Operating Area on August 17, 2010, when Three-Rivers Ambulance discontinued service.

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Tulare County – Ambulance Zone 5 (Exclusive Operating Area)
Name of Current Provider(s): Exeter District Ambulance Service
<p>Area or subarea (Zone) Geographic Description: Tulare County Ambulance Zone 5 is located in the central portion of Tulare County. This zone includes the cities of Exeter and Farmersville, and the unincorporated areas surrounding these cities. Ambulance Zone 5 is bordered by Tulare County Ambulance Zone 3 on the north, Tulare County Ambulance Zone 2 on the west, Tulare County Ambulance Zone 8 on the south, and Tulare County Ambulance Zone 9 on the on the east.</p>
<p>Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) <u>Exclusive</u> Division 2.5 of the California Health and Safety Code allows the EMS Agency, upon the recommendation of the County, to restrict operations to one or more emergency ambulance services or providers of limited advanced life support or advanced life support within a specific geographic area. The designation restricts operations within the Tulare County Ambulance Zone 5 to a single emergency ground ambulance service. By creating the EOA in Tulare County, it is the intent of the Local EMS Agency, at the recommendation of the Tulare County Board of Supervisors, to sustain the current level of medical standards and performance.</p>
<p>Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity <u>Type:</u> Emergency Ambulance <u>Level:</u> 9-1-1 and 7-digit response, Stand-by Service with Transport Authorization</p>
<p>Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u>, pertinent facts concerning changes in scope and manner of service, description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u>, method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers.</p> <p>The EMS Agency, at the recommendation of the Tulare County Board of Supervisors, has developed and implemented a local plan that continues the use of existing providers operating within the local EMS area in the manner and scope in which the services have been provided without interruption since January 1, 1981.</p> <p>Exeter District Ambulance is a non-profit community owned ambulance service, which was established in 1977. Exeter has operated in the same geographical area of the Ambulance Zone 5 since that time without interruption. In 1978, Exeter evolved to Limited Advanced Life Support (EMT-II) and to paramedics in 2007. On occasion, other ambulance providers respond into the response area when needed for mutual aid assistance. There has been no change in the ownership of Exeter District Ambulance, nor has the geographical area of their service area changed.</p> <p>This exclusive operating area was established on July 27, 1993 by the Tulare County EMS Agency (CCEMSA did not assume responsibility for EMS until 2004).</p>

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Tulare County – Ambulance Zone 6
Name of Current Provider(s): Sierra LifeStar Ambulance Service
<p>Area or subarea (Zone) Geographic Description: Tulare County Ambulance Zone 6 is located in the southwestern portion of Tulare County. This zone includes the City of Tulare and the unincorporated areas surrounding the city. Ambulance Zone 6 is bordered by Tulare County Ambulance Zone 2 on the north, Tulare County Ambulance Zone 8 on the east, Tulare County Ambulance Zone 7 on the south, and the County of Kings on the west.</p>
<p>Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6)</p> <p>Tulare County Ambulance Zone 6 is a <u>non-exclusive</u> operating area.</p>
<p>Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity</p> <p>The Tulare County Ambulance Zone 6 is non-exclusive</p>
<p>Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u>, pertinent facts concerning changes in scope and manner of service, description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. I. Authority

On January 1, 2006, the California Emergency Medical Services Authority (EMSA) implemented regulations related to quality improvement for Emergency Medical Services throughout the state. The Central California Emergency Medical Services Agency (CCEMSA) Quality Improvement Program satisfies the requirements of Title 22, Chapter 12, Article 4 of the California Code of Regulations.

In addition, the former EMSA document #166, Emergency Medical Services System Quality Improvement Program Model Guidelines, provided additional information on the expectations for the development and implementation of a Quality Improvement Program for the delivery of EMS for Local EMS agencies and EMS service providers. Fundamental to this process is the understanding that the program will develop over time and allows for individual variances based on available resources.

II. Mission/Vision Statement

Mission Statement

The EMS Agency is committed to the needs of the multicounty pre-hospital environment. Our mission is to inspire, educate, evaluate, direct, provide resources, and ensure that each citizen receives the highest level of care.

Our goals are to facilitate an environment of collaboration among all providers and agencies in which there is innovation, purpose, standardized care, proactive technologies, preparedness, coordination, and integration.

Our values are honesty, loyalty, equality, originality, integrity, and communication.

Vision Statement

The Emergency Medical Services System for Fresno, Kings, Madera and Tulare Counties will provide effective high quality patient care through an integrated patient care delivery system which provides services in a multi-disciplinary manner with efficiency and cost effectiveness.

III. Continuous Quality Improvement Defined

The CCEMSA is charged by the State to approve and monitor Quality Improvement Programs. Many healthcare providers, hospitals, and other facilities have in place or are implementing, Continuous Quality Improvement (CQI) Programs. Many ambulance providers use the "Just Culture" ideals and have committed to this process in their CQI programs.

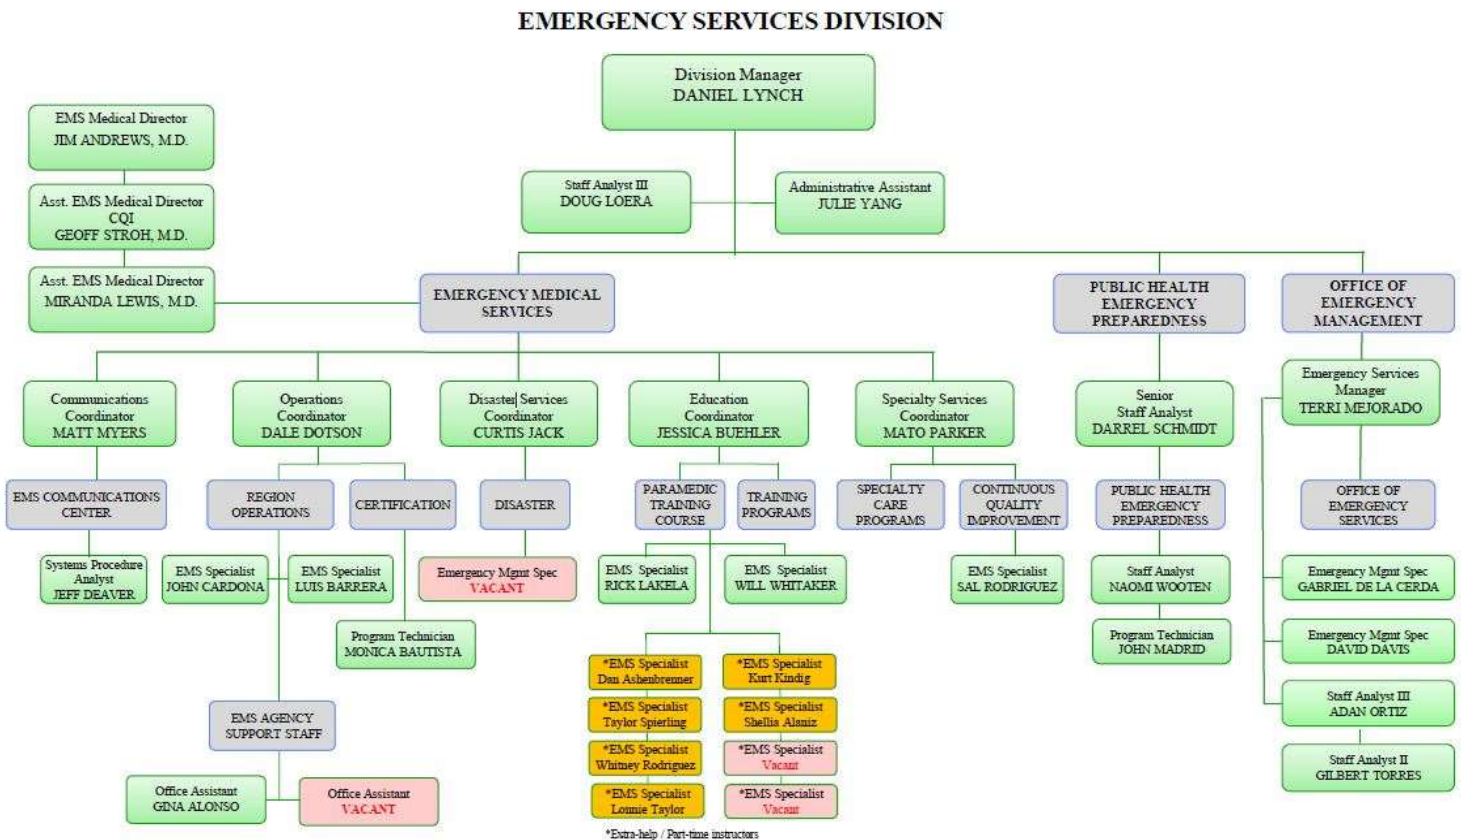

The County mandates that all EMS providers, both BLS and ALS Providers, as well as Base Hospitals and specialty centers, institute CQI programs within their organizations that are in accordance with EMS Agency policies and procedures. The EMS Medical Director and EMS Agency Specialty Services Coordinator monitors the CQI programs.

CQI takes on the responsibility of continuously examining performance in the system to see where the personnel, system, and processes can continue to improve. The overall concept of quality improvement begins with the idea that all members of the team or system want to do well and continues with an examination of the system to determine how it can be structured to achieve this goal. The theories of CQI look at what was done and what was done right so the members can learn from both. Positive reinforcement is very important in a CQI Program so that trust is instilled and fear is driven out. This is a “Top-Down” requirement and applies to the program administrators to the most junior-level healthcare provider.

CQI programs must define the goals and objectives that meet the quality of care that the EMS system desires to achieve. These goals and objectives can be found in the core indicators and the performance standards identified by the EMS CQI committee.

IV. Structure and Organizational Description

CCEMSA Organizational Chart

CCEMSA Demographics

CCEMSA is both geographically and demographically diverse. CCEMSA is the gateway to the Yosemite, Sequoia, Kings Canyon National Parks, and the Sierra Nevada mountains in California's Central San Joaquin Valley. Encompassing 14,401 square miles, the CCEMSA has a population of 1,790,512. It is also estimated that the annual tourism population exceeds 3.2 million people yearly.

EMS System Overview

The CCEMSA EMS System responds to more than 200,000 calls for medical emergencies per year. The CQI process and personnel monitoring are essential with this volume of responses.

The CCEMSA's EMS System includes a variety of agencies and organizations working together to accomplish the goal of providing rapid emergency medical response and treatment. While most EMS responses are day-to-day emergencies, the EMS Agency also plans and prepares for disaster medical response through an active Disaster Medical Response Committee. All of the components of the EMS system, whether day-to-day or disaster, are included in the CQI process.

The CCEMSA EMS System includes:

- Emergency Medical Dispatch (EMD)
- Fire services first response and treatment
- Private and public ground and air ambulance response, treatment, and transport
- Law enforcement agencies
- Hospitals and specialty care centers
- Training institutions and programs for EMS personnel

Organizational Structure relating to CQI

The Central California EMS Agency, a division of the Fresno County Department of Public Health, oversees a system of services organized to provide rapid response to serious medical emergencies, including immediate medical care and patient transport to definitive care in an appropriate hospital setting. The Boards of Supervisors in Fresno, Kings, Madera, and Tulare Counties designated the Fresno County Department of Public Health – Emergency Services Division as the Local EMS Agency (LEMSA) for the four-county EMS region.

The EMS Director reports directly to the Director of Public Health. The Director of Public Health reports directly to the County Administrative Officer and Board of Supervisors comprised of five elected Supervisors, each representing a distinct area of the County.

The EMS Medical Director oversees medical components of the EMS System and is responsible for prehospital medical control within the system. This includes protocol development, policies, procedures, equipment approval, medical dispatch, base station protocols, and continuous quality performance.

The Regional Medical Control Committee is an advisory committee to the EMS Medical Director. It is responsible for vetting local policies and procedures before implementation and introducing issues identified in the EMS system. The committee comprises the emergency department medical director for each receiving and base hospital in the 4-county EMS region.

The Continuous Quality Improvement Committee is a subcommittee of the Regional Medical Control Committee and provides the Medical Control Committee with data, reports, and recommended changes to EMS policy and procedure.

Continuous Quality Improvement Committee

While the EMS Medical Director is responsible for the overall provision of care throughout the EMS system, the Continuous Quality Improvement Committee is the

workhorse of the CQI system. This committee mines the data, identifies and verifies potential issues, and recommends changes or standards to address issues.

The responsibilities of the CQI Committee include the following:

- Review/Monitor Data from EMS System
- Select quality indicators and items for review and monitoring, create action plans, and monitor performance (i.e., time, patient satisfaction, workforce satisfaction, protocol compliance, outcome data).
- After review by EMS Agency, serve as a forum to discuss issues/concerns brought to the attention of the EMS Agency by internal and external customers
- Propose, review, and participate in EMS research
- Promote CQI training throughout the EMS System
- Policy/Protocol Review – Selected policies reviewed with prenotification sent out to allow participant feedback. An initial review by the CQI Coordinator/Medical Director and proposed revisions discussed at CQI Committee
- Provide recommendations to Training Division, including:
 - Orientation - Paramedic eight-hour introduction to Central California EMS Agency policies, procedures, and local scope of practice.
 - Primary Training, including:
 - Local EMS Paramedic Training Course
 - Local EMT Courses (Fire Department/Schools/Provider Agencies)
 - AED (AED Provider Agencies)
 - Emergency Medical Dispatcher Training
 - Mobile Intensive Care Nursing Training
 - Base Hospital Physician Course
 - Continuing Education
 - Case Review/Tape Review
 - Provider Agency C.E.
 - EMS C.E. – Topics Based on CQI identified deficiencies

CQI Committee Members

- CQI Medical Director (Assistant EMS Medical Director)
- EMS CQI Coordinator
- Base Hospital Physician (chosen by Medical Control Committee)
- Prehospital Liaison Nurse (chosen by Base Hospital Committee)
- Prehospital Liaison Officer – (Four – preferably one from each County)
- EMS Dispatcher
- Training Program representative
- Fire First Responder (chosen by Fire Chiefs Association)
- CQI Committee Guests - CQI Medical Director or CQI Coordinator may approve the attendance of guests
- Ex-Officio Members
 - EMS Medical Director
 - EMS Director

V. EMS Agency Responsibilities

In accordance with State H&S code section 1797.204, the EMS Agency shall plan, implement and evaluate an EMS System. The EMS Agency is structured to be responsive to H&S code section 1797.103 by addressing the following components of an EMS system:

- Manpower and training
- Communications
- Transportation
- Assessment of hospitals and critical care centers
- System organization and management
- Data collection and evaluation
- Public information and education
- Disaster response

The EMS Agency's CQI program plays a role in each of these components, which includes the following:

- Implement, monitor, and evaluate the CQI System and CQI requirements
- Provide oversight of the CQI Committee
- Provide regular CQI reports to Medical Control Committee, Base Hospital Committee, EMSOC, CQI Committee, and EMS Staff meetings
- Review individual QI Reports and take necessary action
- Provide an access point for Internal/External Customers as identified in EMS policy
- Monitor quality indicators via database analysis
- Review and participate in research generated by the CQI process
- Forward CQI Committee recommendations to EMS Training Division
- Manage EMS database to ensure quality and completeness of databases

VI. CQI Data Collection and Reporting

Data and the ability to use data have become the lifeblood of a truly effective CQI system. The ability to obtain accurate measurements of system core measures is extremely helpful when identifying goals and objectives for the EMS system. It is also beneficial in identifying more challenging areas in the system where CQI should be more focused.

The EMS Agency accesses a few databases that contain data relevant to Continuous Quality Improvement (CQI) in EMS. These databases include electronic patient care reporting (ePCR), EMS dispatch CAD, Cardiac Arrest Registry to Enhance Survival (CARES), and the EMS system's trauma registry. Reporting on the data is determined by the CQI committee to measure or understand the areas that are monitored. These data systems are used to evaluate performance in the following ways:

- Prospectively identify areas of potential improvement

- Answer questions about the EMS System
- Monitor changes once improvement plans are implemented
- Provide accurate information enabling data driven decisions
- Monitor individual performance within the EMS system
- Support research that will improve our system and potentially broaden EMS knowledge through publication

VII. Evaluation of Indicators

EMS Agency Quality Indicators

The EMS Agency's CQI Committee has identified Quality Indicators that are monitored on a routine basis, and ongoing reports are provided to the EMS Medical Control Committee and system providers. The EMS Agency Quality Indicators may be duplicative of the State EMSA Core Measures, which were developed after the EMS Agency's Quality Indicators. These quality indicators have been monitored for years.

The Quality Indicators are separated into priorities of importance. Priority indicators include performance standards set by the Regional Medical Control Committee or the CQI Committee. Priority Quality Indicators include:

- Trauma Scene Times (<10 minutes)
- Medical Scene Times (<20 minutes)
- Cardiac Arrest Survival Rates
- Trauma Survival Rates
- Percentage of Unrecognized Esophageal Intubation

Secondary Priority Quality Indicators are periodic reviews and issues that provider agencies are asked to review and monitor. The committee then reviews information for consistency and comparison. In many instances, best practice is identified and shared as CE topics. Secondary Priority indicators include:

- RMCT Ratios (at each Base Hospital)
- Cardiac Arrest (compliance with times in protocol)
- Nature of Incident Frequency on QA Reports
- Pediatric Survival Rates
- Prehospital Violence
- 90% Successful IV after Three Attempts
- 95% Successful ET Placement after Three Attempts

Core Measurement Indicators

As provided by the State, Core Indicator reports have been included in the EMS agency's reporting and monitoring process. Core measures are currently being integrated into the ePCR platforms used throughout the EMS region. As a result, the

EMS Agency or the provider agency can quickly access the providers' current measurement for each Core value. As this expands, the Core Measures will be a valuable tool to compare the CCEMSA with other systems across the State.

Provider Agencies and Base Hospitals

While the EMS Agency is responsible for creating and coordinating the overall Quality Improvement Plan, each provider agency and base hospitals are responsible for developing its own EMS QI plan to monitor internal quality indicators and perform quality improvement activities in accordance with EMS Agency policies.

Provider agencies, first responders, and base hospitals also monitor the quality indicators and proactively work with personnel to understand the objectives and provide the education needed to meet the objectives. For example, Field Supervisors, Quality Assurance Managers, and Training Officers may perform audits of responses to monitor the quality of care provided. They are finding best practices and sharing them with others in the organization.

It is important to note that the purpose of Quality Indicators and activities is to improve the things that EMS is doing well and to identify processes that require improvement. Therefore, the focus of EMS performance improvement is not punitive, and any issues that are identified need to be assessed as a system issue before becoming an individual issue.

VIII. Annual Update

The CCEMSA EMS Medical Director and CQI Coordinator will evaluate the CQI Program annually to ensure that the CQI Plan aligns with the EMS Agency's strategic goals. From this information, an Annual Update will be created and will include the following:

- Indicated monitors
- Key findings and priority issues identified
- Identification of any trends
- Improvement action plans and plans for further action
- Description of any in-house policy revisions
- Description of any continuing education and skills training provided as a result of Improvement Plans
- Description of whether the goals were met and whether follow up is needed
- Description of next year's work plan based on the current year's indicator review

IX. Action to Improve

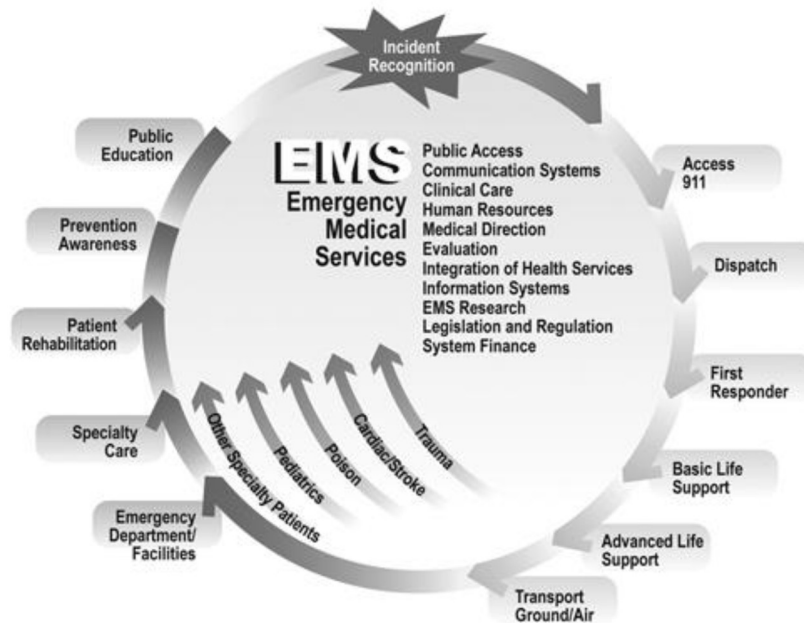

Improvement can only be achieved through constant surveillance of the system and its

components. The evaluation of the system is crucial to ensuring that optimal response to the sick and injured occurs when the system has been activated. Continuous Quality Improvement (CQI) provides a method for understanding the system processes and allows for revision using data obtained from those processes.

CQI is a dynamic process that provides critical feedback and performance data on the EMS system based on defined indicators that reflect standards in the community, state, and nation. Traditional components of a CQI process include:

- Define a problem
- Measure data to validate and quantify the problem
- Analyze the data and symptoms of the problem to determine the root cause
- Develop and implement a plan of action through education or policy/process revision
- Measure and monitor the results providing feedback
- Continuous monitoring of the medical control system to ensure compliance

CQI incorporates Quality Assurance aspects but is unique in its approach to problem analysis and problem-solving.

CQI in the CCEMSA region is dynamic. Similar to trauma and its Trauma Audit Committee, specialty systems of care (STEMI, Stroke, EMSC) will also be supported by its CQI process that will integrate into the EMS Agencies CQI system. These specialty CQI committees, some of which are still in development, take a technical and clinical look at system performance. These committees thoroughly evaluate each respective program's effectiveness and shortfalls. These committees are considered the experts in the field. They use available data and analysis to make recommendations for change, if needed, to each respective system of care. These recommended changes are discussed with the EMS Director.

CQI Skills Retainment Requirements

Through its CQI system, the EMS Agency has implemented and maintained several requirements that assist in maintaining essential knowledge and skills. These CQI requirements include the following:

- Patient Contact requirement of 240 patient contacts per year. If unable to obtain 240 patient contacts, the paramedic will be evaluated for 5 ALS calls.
- Paramedic Field Evaluation – a paramedic shall be evaluated by a provider training officer at least once every six months for the first two years after initial accreditation.
- ACLS Requirement
- BTLs/PHTLS Requirement
- AED service providers shall be evaluated for skills efficiency every six months
- AED service providers will have at least 4 hours of case review every two years

X. Training and Education

Through their internal CQI process, the provider agencies are responsible for creating and monitoring issue resolution programs in conjunction with the EMS Medical Director, up to and including individual performance improvement plans, education and training, standardized education, and, if necessary, discipline.

Once a decision to take action to solve a problem has occurred, training and education are critical components that need to be addressed. Therefore, the need for training is presented to the provider agency, and personnel from said agency work in conjunction with the CQI personnel to ensure that appropriate training is presented to the pre-hospital care personnel.

To implement change, one must deliver verifiable, ongoing training appropriate to the organization's skill level and service goals. Depending on the issue and weight of the problem, the EMS Agency can identify a topic to be included in continuing education, or the EMS Agency can develop standardized training to be disseminated to all the provider agencies. Examples of this training include paramedic update classes held annually to ensure that all field staff is up to date with all policies, procedures, and protocols, as well as Mobile Intensive Care Nurse updates.

The EMS Agency approves and monitors EMT and Paramedic Training Programs and Continuing Education Provider Programs on an ongoing basis. EMT and Paramedic Training Programs are approved, monitored, and managed in accordance with Title 22 regulations. Continuing Education Provider Programs are approved, monitored, and managed in accordance with Title 22 regulations and Division *Prehospital Continuing Education Policies and Procedures*. Updates are requested on a bi-annual basis with an account for the number of courses taught.

The EMS Agency conducts an orientation course for prospective paramedics seeking local accreditation. This course focuses on local policy, procedures, and protocols. An exam is given at the end of the course with a mandatory pass rate of 80%.

A training course is offered to nurses seeking MICN accreditation, including an exam at the end with a mandatory pass rate of 80%. Additionally, MICNs are required to complete ALS ground ambulance transport ride-along and are assigned a preceptor for responding to ALS radio call-ins and requests for medical control.

Division-approved base hospitals are obligated to provide education to pre-hospital providers. Typically, this education is in collaboration with other hospitals. Other forms of Base Hospital education include case review, base station call review, specialty system of care overview, and clinical observations.

Mission Statement of the STEMI Critical Care System

"To reduce morbidity and mortality in the STEMI patient by establishing, promoting, and maintaining a system of excellence in STEMI care that includes prevention education as well as effective and appropriate delivery of emergency medical treatment for victims of STEMI injury, and is supported by system access, pre-hospital providers, hospitals, and our community."

VI. Attachment A – Supporting STEMI Policies.....	6

I. STEMI CRITICAL CARE SYSTEM SUMMARY

The Fresno County Department of Public Health’s Emergency Services Division (known as the Central California EMS Agency) is the designated Local EMS Agency for Fresno, Kings, Madera, and Tulare Counties and is responsible for planning, developing, and implementing the EMS and STEMI Critical Care System. The EMS Agency must approve all EMS provider agencies, base and receiving hospitals, STEMI, Trauma, and Stroke Centers. Each EMS system participant must function within the system defined by the EMS Agency policies and procedures. The EMS Agency staff that oversees the STEMI Critical Care System are:

Dan Lynch	Director of Emergency Medical Services
Jim Andrews, MD	EMS Medical Director
Mato-Kuwapi Parker	Specialty Services Coordinator

The operational aspects of the STEMI Critical Care System begin at the pre-response level with a countywide “Enhanced” 9-1-1 (E9-1-1) telephone system in each of the four counties. All ambulance service requests for each county are coordinated by a designated ambulance dispatch center. The Fresno County EMS Communications Center is the centralized ambulance dispatch center for all ambulance responses in Fresno, Kings, and Madera Counties. Tulare County has one centralized ambulance dispatch center provided by the Tulare County Consolidated Ambulance Dispatch (TCCAD), which is a non-profit entity created by the ambulance providers in Tulare County. Both dispatch centers have trained Emergency Medical Dispatchers (EMD) who prioritize ambulance responses using EMS Agency approved dispatch protocols. Pre-arrival first-aid instructions are given in appropriate cases.

In the Central California EMS Agency region, patient destination is determined by field level 12-Lead ECG interpretation. In the event that a STEMI is detected on the 12-Lead ECG, patients will be transported to the nearest designated cardiac center within 60 minutes transport time. The designated cardiac centers in Fresno County are Community Regional Medical Center and Saint Agnes Medical Center. The third designated cardiac center in the CCEMSA region is Kaweah Health Medical Center in Tulare County. In the event that transport time to a designated cardiac center is greater than 60 minutes, patients will be transported to the closest appropriate emergency department. Helicopter rendezvous will also be considered by the field crews for transport to a designated cardiac center. Throughout the four-county region, base hospitals participate in STEMI destination decisions when ground transport time exceeds 60 minutes.

The three designated cardiac centers and three receiving hospitals in Fresno, Kings, Madera, and Tulare Counties serve as base hospitals for EMT-Paramedic prehospital personnel. Base Hospital Physicians and Mobile Intensive Care Nurses (MICN) provide on-line base hospital medical direction in accordance with EMS Agency policies and procedures. Base Hospital Physicians and MICN’s are accredited by the EMS Agency upon successful completion of training and testing requirements.

The prehospital response throughout Fresno, Kings, Madera, and Tulare Counties is by Paramedic staffed advanced life support units. Two local helicopter agencies, Air Methods - SkyLife and CHP, and an air ambulance in an adjacent county are immediately available for simultaneous dispatch of

air ambulance services. Additional air ambulance service is available through mutual aid when local resources are exhausted. Treatment protocols for STEMI throughout the four-county area emphasize short on-scene times and rapid transportation with advanced life support treatment provided during transit. The utilization of air ambulance services is integrated into EMS policy. In 2021, there were four helicopter responses to STEMI incidents in Fresno, Kings, Madera, and Tulare Counties, which resulted in four helicopter transports to Saint Agnes Medical Center.

STEMI Patient Volume

In 2021, 463 patients were treated and transported to a designated cardiac center. Approximately 39% of these patients were transported to Community Regional Medical Center, 37% were transported to Saint Agnes Medical Center, and 24% were transported to Kaweah Health Medical Center.

**Central California EMS Agency Statistics
(2021)**

- 463 patients transported to a designated cardiac center
 - 39% to Community Regional Medical Center
 - 37% to Saint Agnes Medical Center
 - 24% to Kaweah Health Medical Center

II. DESIGNATED CARDIAC CENTERS

The EMS Agency has the following designated cardiac centers:

Hospital	County	System Level
Community Regional Medical Center	Fresno	STEMI Receiving Center
Saint Agnes Medical Center	Fresno	STEMI Receiving Center
Kaweah Health Medical Center	Tulare	STEMI Receiving Center

STEMI IDENTIFICATION

The method of identification of STEMI in the prehospital setting is by patient presentation, signs and symptoms, and 12-Lead ECG interpretation. Patients that are being treated under the Coronary Ischemic Chest Discomfort protocol will have a 12-Lead ECG administered by a paramedic. In the event that the cardiac monitor returns a reading of STEMI in progress, the patient will be transported to the closest STEMI Receiving Center listed above if the transport time is within 60 minutes. If the transport time exceeds 60 minutes, the patient will be transported to the closest appropriate facility or helicopter rendezvous will be considered. STEMI patient destination as stated in policy 547 is determined by 12-Lead ECG interpretation or Base Hospital Consultation (if required). The STEMI receiving center activates the cardiac care team upon notification of a positive 12-lead ECG and the team meets the patient upon arrival.

STEMI COMMUNICATION

Upon identification of a STEMI in the prehospital setting and initiation of treatment, the paramedic will contact the STEMI Receiving Center as stated in the General Procedures EMS Policy 530.02. The paramedic will use the Standard Call-In format to communicate patient condition as well as the 12-Lead ECG interpretation of STEMI. The purpose of a Standard Call-In is to provide the STEMI Receiving Center with adequate information to prepare for STEMI continuity of care. The STEMI receiving center activates the cardiac care team upon notification of a positive 12-lead ECG and the team meets the patient upon arrival.

STEMI TRANSFER

In some instances, a STEMI patient may need to be transferred from a stand-by or basic emergency department that is not a designated STEMI Receiving Center. In those cases, an advanced life support interfacility transfer would be initiated by the originating hospital. EMS Policy 553 provides direction on ALS interfacility transfers within the EMS region.

STEMI DATA COLLECTION

The primary method of data collection comes from prehospital care reports. The EMS Agency is working on a viable database to collect the required data from the STEMI Receiving Centers. The data collection process was significantly delayed due to COVID19 and the inability of the hospitals to allocate resources for this task. Data collection is a primary objective to be resolved this fiscal year.

III. STEMI SYSTEM GOALS AND OBJECTIVES

The STEMI system is one part of the overall EMS Plan. The goal of the STEMI system is to assure a well-prepared, coordinated, and appropriate response to persons who are identified via 12-Lead ECG as possibly experiencing a STEMI incident. System goals and objectives have been developed to provide a means to measure the effectiveness of the STEMI system plan. The following objectives are monitored as a measure of system effectiveness:

Goal 1. Assure that a comprehensive system of emergency medical services is available to the residents and visitors of Fresno, Kings, Madera and Tulare Counties.

Objective 1.1 – Provide impartial and objective administration of the EMS and STEMI Systems.

Objective 1.2 – Routinely monitor and review the STEMI system based upon compliance with established policies and system standards.

Objective 1.3 - Issues that arise shall be reviewed through the EMS CQI process and Medical Control Committee reviews.

Update: Data collection is the current challenge. The hospital and EMS agency are working on the process to receive data, which was delayed during the COVID19 surges. The data collection process is the primary objective for this current fiscal year.

Goal 2. Assure definitive STEMI care regardless of ability to pay.

Objective 2.1 – Monitor STEMI care through the use of audit filters based upon cardiac triage standards, transfer guidelines and system review of financial information.

Goal 3. Promote system cost-effectiveness and economic viability.

Objective 3.1 – As permitted, provide continuous review for cost effective care delivery practices

Objective 3.2 – Share through the system and CQI and Medical Control committees.

Objective 3.3 – Monitor and pursue appropriate funding sources as needed, including grants and other state or federal funding sources.

Goal 4. Coordinate local STEMI services between the counties within the EMS region.

Objective 4.1 – Establish agreements with each of the STEMI centers

Objective 4.2 – Establish transfer agreements between STEMI centers and receiving hospitals.

Update: While transfer agreements are in place with the hospitals throughout the EMS region, the EMS agency is still in the process of finalizing the Agreements with the STEMI Centers. The STEMI Centers have been participating as STEMI centers through EMS policy and agreements were not in place. Since the implementation of STEMI regulations, agreements are required.

Goal 5. Provide objective evaluation of the STEMI system through data analysis.

Objective 5.1 – Perform monthly audits and review with the STEMI facilities and the system CQI and Medical Control committees.

Update: Data collection is the current challenge. The hospital and EMS agency are working on the process to receive data, which was delayed during the COVID19 surges. The data collection process is the primary objective for this current fiscal year.

Goal 6. Promote public awareness and information regarding STEMI services and cardiac care public education.

Objective 6.1 – Support annual health fairs, public service announcements, dissemination of annual reports to public entities, and cardiac care outreach programs.

IV. INTEGRATION WITH NEIGHBORING JURISDICTIONS

The Central California EMS Agency consists of four counties. The STEMI Receiving Centers reside in two of the four counties. In Fresno and Madera Counties, STEMI patients will be transported to either Community Regional Medical Center or Saint Agnes Medical Center which both reside in Fresno County. In Kings and Tulare Counties, the STEMI patient will be transported to either Kaweah Health Medical Center or Community Regional Medical Center. It is possible, however, that a STEMI patient may originate outside of the CCEMSA Region. The neighboring jurisdictions are aware of which facilities are designated STEMI Receiving Centers in Fresno and Tulare Counties.

V. SYSTEM PERFORMANCE IMPROVEMENT

The EMS Agency monitors STEMI system performance on a monthly basis with the use of prehospital data and input of the Continuous Quality Improvement and Medical Control Committees. Any issues or gaps identified within the EMS system are brought to these two committees. Interventions and/or solutions are discussed and implemented to correct the issue or gap identified. Both of these committees meet on a monthly basis throughout the year.

III. Stroke System Goals and Objectives	4
IV. Integration with Neighboring Jurisdictions.....	5
V. System Performance Improvement	5
VI. Attachment A – Supporting Stroke Policies	6

I. STROKE CRITICAL CARE SYSTEM SUMMARY

The Fresno County Department of Public Health’s Emergency Services Division (known as the Central California EMS Agency) is the designated Local EMS Agency for Fresno, Kings, Madera, and Tulare Counties and is responsible for planning, developing, and implementing the EMS and Stroke Critical Care System. The EMS Agency must approve all EMS provider agencies, base and receiving hospitals, STEMI, Trauma, and Stroke Centers. Each EMS system participant must function within the system defined by the EMS Agency policies and procedures. The EMS Agency staff that oversees the Stroke Critical Care System are:

Dan Lynch Director of Emergency Medical Services
Jim Andrews, MD EMS Medical Director
Mato-Kuwapi Parker Specialty Services Coordinator

The operational aspects of the Stroke Critical Care System begin at the pre-response level with a countywide “Enhanced” 9-1-1 (E9-1-1) telephone system in each of the four counties. All ambulance service requests for each county are coordinated by a designated ambulance dispatch center. The Fresno County EMS Communications Center is the centralized ambulance dispatch center for all ambulance responses in Fresno, Kings, and Madera Counties. Tulare County has one centralized ambulance dispatch center provided by the Tulare County Consolidated Ambulance Dispatch (TCCAD), which is a non-profit entity created by the ambulance providers in Tulare County. Both dispatch centers have trained Emergency Medical Dispatchers (EMD) who prioritize ambulance responses using EMS Agency approved dispatch protocols. Pre-arrival first-aid instructions are given in appropriate cases.

Currently, the Central California EMS Agency region, does not have a stroke system in place. It is the intent of the EMS Agency to develop patient destination policies based on the Cincinnati Stroke Scale in the prehospital setting. At this time, in our EMS region we have five Advanced Primary Stroke Centers and one Thrombectomy Capable Stroke Center as designated by Joint Commission. One of the challenges in creating a patient destination policy will be to route patients appropriately without overwhelming the one thrombectomy capable facility in our region. The EMS Agency Coordinator is working with the a Regional Stroke Committee to finalize a destination methodology.

Four of the six Joint Commission designated stroke centers serve as base hospitals for EMT-Paramedic prehospital personnel. Base Hospital Physicians and Mobile Intensive Care Nurses (MICN) provide on-line base hospital medical direction in accordance with EMS Agency policies and procedures. Base Hospital Physicians and MICN’s are accredited by the EMS Agency upon successful completion of training and testing requirements.

The prehospital response throughout Fresno, Kings, Madera, and Tulare Counties is by Paramedic staffed advanced life support units. Two local helicopter agencies, Air Methods - SkyLife and CHP, and an air ambulance in an adjacent county are immediately available for simultaneous dispatch of air ambulance services. Additional air ambulance service is available through mutual aid when local resources are exhausted. Treatment protocols for stroke throughout the four-county area emphasize

short on-scene times and rapid transportation with advanced life support treatment provided during transit. The utilization of air ambulance services is integrated into EMS policy.

Stroke Patient Volume

In 2021, 2,446 patients were identified as a stroke/CVA/TIA patient upon initial impression as documented by prehospital personnel. A stroke specific BLS and ALS protocol is currently pending approval by the EMS Medical Director. Stroke treatment currently resides in CCEMSA Policy 530.18 Altered Mental Status, Possible Stroke, and Syncope protocol.

**Central California EMS Agency Statistics
(2021)**

NOT IMPLEMENTED AT THIS TIME

- X,XXX patients transported to a TJC designated stroke center
 - XX% to Adventist Health Hanford
 - XX% to Community Regional Medical Center
 - XX% to Community Regional Medical Center Clovis
 - XX% to Kaweah Health Medical Center
 - XX% to Saint Agnes Medical Center
 - XX% to Sierra View Medical Center

II. DESIGNATED STROKE CENTERS

The CCEMSA region has the following stroke centers as designated by Joint Commission:

Hospital	County	System Level
Community Regional Medical Center	Fresno	Thrombectomy Capable Stroke Center
Community Regional Medical Center – Clovis	Fresno	Primary Stroke Center
Saint Agnes Medical Center	Fresno	Primary Stroke Center
Adventist Health Hanford	Kings	Primary Stroke Center
Kaweah Health Medical Center	Tulare	Primary Stroke Center
Sierra View Medical Center	Tulare	Primary Stroke Center

STROKE IDENTIFICATION

****IN PROGRESS**** The method of identification of stroke in the prehospital setting is by patient presentation, signs and symptoms, and use of the Cincinnati Stroke Scale. The patient destination policy will be updated to provide for appropriate routing of stroke patients to appropriate stroke facilities.

STROKE COMMUNICATION

****IN PROGRESS**** Upon identification of a stroke in the prehospital setting and initiation of treatment, the paramedic will contact the appropriate stroke center as stated in the General Procedures EMS Policy 530.02. The paramedic will use the Standard Call-In format to communicate patient condition as well as the assessment using the Cincinnati Stroke Scale. The purpose of a Standard Call-In is to provide the stroke center with adequate information to prepare for the hospital's stroke team response and continuity of care.

STROKE TRANSFER

In some instances, a stroke patient may need to be transferred from a basic or stand-by emergency department that is not a designated stroke center. In those cases, an advanced life support interfacility transfer would be initiated by the originating hospital. EMS Policy 553 provides direction on ALS interfacility transfers within the EMS region.

STROKE DATA COLLECTION

The primary method of data collection comes from prehospital care reports. The EMS Agency is working on a viable database to collect the required data from the stroke centers.

III. STROKE SYSTEM GOALS AND OBJECTIVES

The stroke system is one part of the overall EMS Plan. The goal of the stroke system is to assure a well-prepared, coordinated, and appropriate response to persons who are identified as possibly experiencing a stroke incident. System goals and objectives have been developed to provide a means to measure the effectiveness of the stroke system plan. The following objectives are monitored as a measure of system effectiveness:

Goal 1. Assure that a comprehensive system of emergency medical services is available to the residents and visitors of Fresno, Kings, Madera and Tulare Counties.

Objective 1.1 – Provide impartial and objective administration of the EMS and Stroke Systems.

Objective 1.2 – Routinely monitor and review the stroke system based upon compliance with established policies and system standards.

Objective 1.3 - Issues that arise shall be reviewed through the EMS CQI process and Medical Control Committee reviews.

Goal 2. Assure definitive stroke care regardless of ability to pay.

Objective 2.1 – Monitor stroke care through the use of audit filters based upon trauma triage standards, transfer guidelines and system review of financial information.

Goal 3. Promote system cost-effectiveness and economic viability.

Objective 3.1 – As permitted, provide continuous review for cost effective care delivery practices

Objective 3.2 – Share through the system and CQI and Medical Control committees.

Objective 3.3 – Monitor and pursue appropriate funding sources as needed, including grants and other state or federal funding sources.

Goal 4. Coordinate local stroke services between the counties within the EMS region.

Objective 4.1 – Establish agreements with each of the designated stroke centers.

Objective 4.2 – Establish transfer agreements between stroke centers and receiving hospitals within the region.

Goal 5. Provide objective evaluation of the stroke system through data analysis.

Objective 5.1 – Perform monthly audits and review with the stroke centers and the system CQI and Medical Control committees.

Goal 6. Promote public awareness and information regarding stroke services and public education.

Objective 6.1 – Support annual health fairs, public service announcements, dissemination of annual reports to public entities, and stroke care outreach programs.

IV. INTEGRATION WITH NEIGHBORING JURISDICTIONS

****IN PROGRESS**** The Central California EMS Agency consists of four counties. The Stroke Centers reside in three of the four counties. Comprehensive integration with neighboring jurisdictions is to be identified and developed.

V. SYSTEM PERFORMANCE IMPROVEMENT

The EMS Agency will monitor stroke system performance on a monthly basis with the use and input of the Continuous Quality Improvement and Medical Control Committees. Any issues or gaps identified within the EMS system are brought to these two committees. Interventions and/or solutions are discussed and implemented to correct the issue or gap identified. Both of these committees meet on a monthly basis throughout the year.

Mission Statement of the Trauma Care System

"To reduce morbidity and mortality in the trauma patient by establishing, promoting, and maintaining a system of excellence in trauma care that includes prevention education as well as effective and appropriate delivery of emergency medical treatment for victims of traumatic injury, and is supported by system access, pre-hospital providers, hospitals, and our community."

I. TRAUMA SYSTEM SUMMARY

The Fresno County Department of Public Health’s Emergency Services Division (known as the Central California EMS Agency) is the designated Local EMS Agency for Fresno, Kings, Madera, and Tulare Counties. It is responsible for planning, developing, and implementing the EMS and trauma systems. The EMS Agency must approve all EMS provider agencies, base and receiving hospitals, STEMI and trauma centers. Each EMS system participant must function within the system defined by the EMS Agency policies and procedures.

The trauma system that exists today in Fresno, Kings, Madera, and Tulare Counties is a mature system that has evolved over many years. First implemented by the Local EMS Agency in 1984, the EMS Agency has developed for the Counties of Fresno, Kings, Madera, and Tulare an effective trauma system based upon regional trauma planning by the EMS Agency. The trauma system is the result of a genuine commitment and cooperative effort of government, community physicians, hospitals, EMS providers, and the community. While the four-county EMS region has a very diverse geography, the trauma system is designed by the EMS Agency to provide optimal trauma care while recognizing the unique mixture of rural and urban areas, including much-extended response and transport times. Centered in central California, Community Regional Medical Center is the only EMS Agency designated Level I Trauma Center in the Central Valley. Valley Children’s Hospital is the only Level II Pediatric Trauma Center. Kaweah Health Medical Center, in the City of Visalia, is a designated Level III Trauma Center and is the primary destination for ground ambulance trauma patients and specific helicopter patients in Tulare County.

The operational aspects of the trauma system begin at the pre-response level with a countywide “Enhanced” 9-1-1 (E9-1-1) telephone system in each of the four counties. A designated ambulance dispatch center coordinates all ambulance service requests for each county. The Fresno County EMS Communications Center is the centralized ambulance dispatch center for all ambulance responses in Fresno, Kings, and Madera Counties. Tulare County has one centralized ambulance dispatch center provided by the Tulare County Consolidated Ambulance Dispatch (TCCAD), a non-profit entity created by ambulance providers in Tulare County. Both dispatch centers have trained Emergency Medical Dispatchers (EMD) who prioritize ambulance responses using EMS Agency-approved dispatch protocols. Pre-arrival first-aid instructions are given in appropriate cases.

The trauma triage system in Fresno, Kings, and Madera Counties routes moderately and severely injured trauma patients directly to the Level I Trauma Center (Community Regional Medical Center) by-passing all other hospitals. Pediatric trauma patients are taken either to the Level I trauma center or Valley Children’s, depending on the location of the incident. Patients with minor injuries are transported to the appropriately staffed facility of their choice. Trauma patients meeting trauma center criteria in Tulare County go to Kaweah Health Medical Center, a designated Level III Trauma Center. Trauma patients in Tulare County transported by air ambulance are transported to Kaweah Health Medical Center or Community Regional Medical Center, depending on their location.

Throughout the four-county area, base hospitals participate in trauma destination decisions involving transportation time exceeding 60 minutes. Except for patients in cardiac arrest or with a compromised airway, most rural patients meeting triage criteria are transported directly to a trauma

center. In addition, air ambulance transport is utilized as much as possible in all rural areas of the region, weather permitting.

The three trauma centers and three receiving hospitals in Fresno, Kings, Madera, and Tulare Counties serve as base hospitals for EMT-Paramedic prehospital personnel. Community Regional Medical Center is the designated base hospital for EMT-Advance (Parkmedic) program for the neighboring Kings Canyon and Sequoia National Park systems. Base Hospital Physicians and Mobile Intensive Care Nurses (MICN) provide online base hospital medical direction in accordance with EMS Agency policies and procedures. The EMS Agency accredits Base Hospital Physicians and MICNs upon successfully completing training and testing requirements.

The prehospital response throughout Fresno, Kings, Madera, and Tulare Counties is by Paramedic staffed advanced life support units. Two local helicopter agencies, Air Methods-SkyLife and CHP, and an air ambulance in an adjacent county are immediately available for simultaneous dispatch of air ambulance or rescue helicopter services. Additional air ambulance service is available through mutual aid when local resources are exhausted. Treatment protocols for trauma throughout the four-county area emphasize short on-scene times and rapid transportation with advanced life support treatment during transit. The trauma patient destination is determined by prehospital personnel using triage criteria, which is very similar to the CDC/ACS triage criteria that have less weight on the mechanism of injury. Base hospitals are involved in destination determination for prolonged transports and multi-casualty incidents. The utilization of air ambulance and helicopter services is integrated into EMS policy. In 2021, there were 2,467 helicopter responses to trauma incidents in Fresno, Kings, Madera, and Tulare Counties, which resulted in 268 helicopter transports to Community Regional Medical Center, 100 transports to Kaweah Health Medical Center, and 17 to Valley Children’s Hospital. While the cancellation rate is significant, it represents a very aggressive response to potential critical trauma victims. It has greatly reduced the number of prolonged emergency ground transports from rural areas.

Trauma Patient Volume

The trauma registry included 8,400 patients in 2021 . Similarly with previous years, approximately 65% of these patients originated from within Fresno County, 7% from Madera County, 7% from Kings County, and 21% from Tulare County.

The Regional Trauma Audit Committee is an advisory committee to the Local EMS Agency concerning all aspects of the trauma system. The committee monitors system operations and reviews specific cases including problem transfers involving trauma patients. The trauma nurse coordinators from the trauma centers and emergency department personnel from some of the receiving hospitals in Fresno, Kings, Madera, and Tulare Counties provide information on trauma patients seen at those facilities.

Central California EMS Agency Statistics (2021)	
•	13% of ambulance calls involve trauma
•	32,362 Prehospital trauma responses
○	Falls - 8,959 (28% of trauma calls)
○	Traffic Accident – 7,407 (23%)
○	Assault – 1,736 (5%)
○	Other trauma injuries – 14,260 (44%)

The EMS Trauma Plan Update describes the on-going commitment of the EMS Agency, the Counties of Fresno, Kings, Madera and Tulare, the trauma centers and receiving hospitals, and the prehospital providers to the communities they serve.

California Trauma Centers

II. CHANGES IN TRAUMA SYSTEM

The trauma system is always in evolution. As more information and data becomes available, the more changes that are made to improve the system. Over the many years that the trauma system has been in existence, it has continuously been changed and modified to meet the needs of the community and meet the challenges of new skills, education and techniques.

Valley Children's Hospital

Valley Children's Hospital became ACS verified on February 18, 2018 as a Level II Pediatric Trauma Center. They are the only Level II Pediatric Trauma Center in the Central Valley.

Kaweah Health Medical Center

Kaweah Health Medical Center has provided neurosurgery coverage since November 1, 2017, which exceeds the LEVEL III requirements. The current Trauma Destination Chart is in Appendix A. Kaweah Health Medical Center is contracted with the University of Southern California to provide neurosurgery. This past year, Kaweah began a medical residency program throughout its facility, which includes the trauma services.

Trauma Registry Software and Data Reporting

The EMS Agency changed our trauma registry to Digital Innovation's Collector in 2018. All trauma registry data is uploaded to the State's trauma registry site.

On-Scene times with Critical Trauma

For several years the EMS Agency has set a goal to transport critical trauma off-scene within 10 minutes of arrival of the ambulance. While we have set the performance measurement at 90% of patients off-scene in 10 minutes or less, . On April 1, 2015, in addition to the reduction in the use of spinal immobilization, the EMS Agency implemented the "7 minute clock". After 7 minutes from arriving on-scene, the ambulance crew would receive a page that they have been on-scene for 7 minutes, which was a reminder to get off scene. With the reduction in the use of spinal immobilization and the use of the "7 minute clock" we have continued to see an improvement of the off scene performance time. This time has improved from 77% in 10 minutes or less in 2020 to 89% off scene time in 10 minutes or less in 2021. We continue to evaluate the incidents that exceed the 10 minute criteria.

III. TRAUMA CENTERS

The EMS Agency has the following designated trauma centers:

Hospital	County	System Level
Community Regional Medical Center (CRMC)	Fresno	Level I Trauma Center/Burn Center
Valley Children’s Hospital (VCH)	Madera	Level II Pediatric Trauma Center
Kaweah Health Medical Center (KHMC)	Tulare	Level III Trauma Center

In 2013, the EMS Agency modified EMS policy to require trauma centers to obtain and maintain verification from the American College of Surgeons (ACS). This verification and re-verification process is used by the EMS Agency for the periodic review to maintain trauma center designation. All three trauma centers are currently verified by the American College of Surgeons.

Community Regional Medical Center received ACS Level I verification in 2013. CRMC remains one of the busiest emergency department in the state. While there is no delays in the treatment and care of critical trauma patients, the bed availability and availability of specialty care becomes impacted at times. Clinic and follow-up is often delayed due to an enormous volume of patients. The trauma director and manager have significant challenges and have been able to maintain a very high level of quality care. There is concern that there is a critical lack of bed capacity in the EMS region and any large event could easily overwhelm the hospital system. In addition, the limited bed capacity prevents Regional Trauma Center from receiving some transfers from outlying hospitals and these patients are transferred out of the area. There is continuing concern that the changes in health care may impact the availability of the care that is currently available. The EMS Agency with the Trauma Audit Committee monitors the transfers within our system.

Valley Children’s Hospital received their ACS Pediatric Level II verification February 12, 2018. Valley Children’s Hospital continues to be committed in offering support to the Central Valley for Pediatric trauma care and education.

Kaweah Health Medical Center received ACS Level III verification April 24, 2017. The EMS Agency continues to monitor the number of transfers from Kaweah Health to Community Regional Medical Center, and the number of transfers out to CRMC has decreased over this last year.

The Trauma Centers are very active and meet the immediate needs of the EMS and trauma systems. Community Regional Medical Center as the Level I Trauma Center is a committed and dedicated trauma center who provides a great deal of leadership and direction for the EMS system. Each of the trauma centers provides a tremendous amount of injury prevention activities, which are welcomed by the public and provider agencies.

IV. TRAUMA SYSTEM GOALS AND OBJECTIVES

The trauma system is an integral part of the existing regional EMS Plan. A continuing goal of the trauma system is to assure a well-prepared, coordinated and appropriate response to persons who incur traumatic injuries in the EMS region. System goals and objectives have been developed to provide a means to measure the effectiveness of the trauma system plan.

We continue to monitor the following objectives as a measure of system effectiveness:

Goal 1. Assure that a comprehensive system of emergency medical and trauma services are available to the residents and visitors of Fresno, Kings, Madera and Tulare Counties.

Objective 1.1 – Provide impartial and objective administration of the EMS and Trauma Systems.

Objective 1.2 – Routinely monitor and review trauma system based upon compliance with established policies and system standards.

Objective 1.3 - Issues that arise shall be reviewed through the EMS CQI process and Trauma Audit Committee reviews.

UPDATE: Goal 1 and each of the objectives are being met. The EMS Agency continues to monitor all aspects of the trauma system using the EMS CQI process and Trauma Audit Committee.

Goal 2. Assure definitive trauma care regardless of ability to pay.

Objective 2.1 – Monitor trauma care through the use of audit filters based upon trauma triage standards, transfer guidelines and system review of financial information.

UPDATE: Goal 2 and its objective are being met. The Trauma Audit Committee and the Central Regional Trauma Coordinating Committee of California are very active in providing trauma system monitoring.

Goal 3. Promote system cost-effectiveness and economic viability.

Objective 3.1 – As permitted, provide continuous review for cost effective care delivery practices

Objective 3.2 – Share through the system and trauma audit committee.

Objective 3.3 – Monitor and pursue appropriate funding sources as needed, including grants and other state or federal funding sources.

UPDATE: Goal 3 and its objectives are being met. The EMS Agency works consistently with system participants in assuring a cost-effective system approach.

Goal 4. Coordinate local trauma services between the counties within the EMS region.

Objective 4.1 – Establish agreements with each of the counties

Objective 4.2 – Establish transfer agreements between trauma centers and receiving hospitals within the region.

UPDATE: Goal 4 and its objectives are being met. and there are no issues. The Trauma Audit Committee monitors and discusses trauma system transfer issues at every meeting.

Goal 5. Provide objective evaluation of the trauma system through data analysis utilizing the trauma registry.

Objective 5.1 – Perform monthly audits and review with the trauma facility and the system trauma audit committee.

UPDATE: Goal 5 and its objective are being met. The EMS Agency continues to review any trauma system performance issues that may arise using the trauma registry data.

Goal 6. Promote public awareness and information regarding trauma services and injury prevention.

Objective 6.1 – Support annual health fairs, public service announcements, dissemination of annual reports to public entities, and injury prevention outreach programs.

UPDATE: Goal 6 and its objective are being met. and there are no issues. All three trauma centers are very engaged in public education and promotion of injury prevention. The major topics in injury prevention have been stop the bleed, car seat safety, and gun storage safety. This community service campaign is ongoing and will only be expanding in the coming years.

V. CHANGES TO IMPLEMENTATION SCHEDULE

There are minor changes to the implementation schedule. For the most part, the goals and objectives do not have implementation dates since the system is constantly being monitored and reviewed. While the EMS Authority has requested implementation dates to be included in the plan update, the EMS Agency feels strongly that implementation dates are not always necessary since the system is monitored on a daily, monthly and quarterly basis. The EMS Agency will include implementation dates in updated plans when new events or objectives occur.

VI. SYSTEM PERFORMANCE IMPROVEMENT

The EMS Agency continues to monitor the on-scene times with trauma patients, the destination of patients through the field triage criteria, and the transfer times from the trauma centers and receiving hospitals. The EMS Agency will monitor and measure the results of these changes.

ATTACHMENT A

Trauma Destination Chart

TRAUMA DESTINATION CHART

1

Assess Physiological Criteria

- Systolic Blood Pressure:
 - Adults: < 90 mm Hg
 - Pediatrics: < 80 mm Hg with signs and symptoms of shock (Refer to EMS Policy 530.32 for estimated weight formulas or use Broselow Tape)
- Respiratory Rate:
 - Adults: < 10 or > 30
 - Children: < 20 if under age 1
- Glasgow Coma Score < 13 (or, in patients whose normal GCS is less than 15, or a decrease of two or more of the patients GCS score)
- Penetrating injury to the head
- Paraplegia
- Quadriplegia

RMC or KHMC
VCH (14 years of age or less)
(Consider air transport)

2

Assess Anatomy of Injury

- Penetrating injuries to neck or torso
- Flail chest
- Two or more proximal long-bone fractures
- Amputation proximal to wrist or ankle

RMC or KHMC
VCH (14 years of age or less)
(Consider air transport)

3

Assess Burns

STABLE TRAUMA PATIENTS WITH:

- Partial/Full thickness burns > 10% TBSA
- Partial/Full thickness circumferential burns
- Partial/Full thickness burns to face, hands, feet, major joints, perineum, or genitals
- Electrical burns with voltage > 120 volts
- Chemical burns > 10% TBSA

RMC
(Consider air transport)

4

Assess Mechanism of Injury

- Falls
 - Adults: > 20 ft. (one story = 10 ft.)
 - Children: > 10 ft. or 3 times height of the child

RMC or KHMC
VCH (14 years of age or less)
(Consider air transport)

5

Assess Special Considerations

- WITH A SIGNIFICANT COMPLAINT:
- Age greater than 55 years
 - Anticoagulation or bleeding disorders
 - Pregnancy greater than 20 weeks
 - Auto vs. Pedestrian > 20 mph
 - Motorcycle crash > 20 mph

Consider transport to
RMC or KHMC
VCH (14 years of age or less)

Paramedic/Flight Nurse Judgment

6

WITH A SIGNIFICANT COMPLAINT

Consider RMC or KHMC
VCH (14 years of age or less)
Base Hospital Consultation

Transport According to Policy

SIGNIFICANT COMPLAINT

- Perseveration
- Deteriorating mental status
- Severe chest pain
- Severe shortness of breath
- Severe abdominal pain
- Sustained, overwhelming "Feeling of Doom"

TABLE 2: System Organization and Management

EMS System: Central California EMS Agency

Reporting Year: 2020

NOTE: Number (1) below is to be completed for each county. The balance of Table 2 refers to each agency.

1. Percentage of population served by each level of care by county:

County: Fresno

a. Basic Life Support (BLS)	<u>14.9%</u>
b. Limited Advanced Life Support (LALS)	<u>-0-</u>
c. Advanced Life Support (ALS)	<u>85.1%</u>

County: Kings

a. Basic Life Support (BLS)	<u>2.3%</u>
b. Limited Advanced Life Support (LALS)	<u>-0-</u>
c. Advanced Life Support (ALS)	<u>97.7%</u>

County: Madera

a. Basic Life Support (BLS)	<u>1.7%</u>
b. Limited Advanced Life Support (LALS)	<u>-0-</u>
c. Advanced Life Support (ALS)	<u>98.3%</u>

County: Tulare

a. Basic Life Support (BLS)	<u>9.1%</u>
b. Limited Advanced Life Support (LALS)	<u>-0-</u>
c. Advanced Life Support (ALS)	<u>90.9%</u>

Table 2 - System Organization & Management (cont.)

2. Type of agency a.*
 a - Public Health Department
 b - County Health Services Agency *Fresno County Department of Public Health under contract to Kings, Madera and Tulare Counties
 c - Other (non-health) County Department
 d - Joint Powers Agency
 e - Private Non-profit Entity

3. The person responsible for day-to-day activities of EMS agency reports to: d.
 a - Public Health Officer
 b - Health Services Agency Director/Administrator
 c - Board of Directors
 d - Other: Fresno - Director of Public Health;
Kings - Public Health Director;
Madera - Director of Public Health,
Tulare – Health Agency Director

4. Indicate the non-required functions which are performed by the agency

Implementation of exclusive operating areas	Yes
Designation of trauma centers/trauma care system planning	Yes
Designation/approval of pediatric facilities	Yes
Designation of STEMI centers	Yes
Designation of Stroke centers	Yes
Designation of other critical care centers	Yes
Development of transfer agreements	Yes
Enforcement of local ambulance ordinance	Yes
Enforcement of ambulance service contracts	Yes
Operation of ambulance service	No
Continuing education	Yes
Personnel training	Yes
Operation of oversight of EMS dispatch center	Yes
Non-medical disaster planning	Yes
Administration of critical incident stress debriefing team (CISD)	No
Administration of disaster medical assistance team (DMAT)	No
Administration of EMS Fund [Senate Bill (SB) 12/612]	Yes
Administration of local EMS training/certification of EMS Dispatchers, MICNs and Base Hospital Physicians	Yes
Assist with the training of Emergency Resident Physicians and National Park Ranger (ParkMedic) Program	Yes

Table 2 - System Organization & Management (cont.)

5. EXPENSES

Salaries and benefits (all but contract personnel)	<u>\$2,050,882</u>
Contract Services (e.g. medical director)	<u>\$72,312</u>
Operations (e.g. copying, postage, facilities)	<u>\$561,434</u>
Travel, Education, Garage	<u>\$23,758</u>
Fixed assets	<u>\$0</u>
Indirect expenses (overhead)	<u>\$0</u>
Ambulance subsidy (Separate budget from EMS Agency)	<u>\$113,375</u>
EMS Fund payments to physicians/hospital	<u>Managed by each County</u>
Dispatch center operations (non-staff)	<u>\$2,417,198</u>
Training program operations	<u>\$131,991</u>
Other: Public Health Funding	<u>\$0</u>
TOTAL EXPENSES	<u>\$5,370,950</u>

Note: The EMS agency is included in the Fresno County Public Health Department – Emergency Services Division, which includes the EMS agency, the Public Health Emergency Preparedness Program (PHEP), the Hospital Preparedness (HPP) Program, and the Fresno County Office of Emergency Services (OES). The expenses and revenues do not included PHEP, HPP, or OES.

Table 2 - System Organization & Management (cont.)

6. SOURCES OF REVENUE

Special project grant(s) [from EMSA]	-0-
Preventive Health and Health Services (PHHS) Block Grant	-0-
Office of Traffic Safety (OTS)	-0-
State general fund	<u>\$405,921</u>
County general fund	-0-
Other local tax funds (e.g., EMS district)	-0-
County contracts (e.g. multi-county agencies)	<u>\$161,592</u>
Certification fees	<u>\$78,707</u>
Training program approval fees	-0-
Training program tuition/Average daily attendance funds (ADA)	<u>\$456,048</u>
Job Training Partnership ACT (JTPA) funds/other payments	-0-
Base hospital application fees	-0-
Base hospital designation fees	-0-
Trauma center application fees	-0-
Trauma center designation fees	-0-
Pediatric facility approval fees	-0-
Pediatric facility designation fees	-0-
Other critical care center application fees	-0-
Type: <u>n/a</u>	
Other critical care center designation fees	-0-
Type: <u>n/a</u>	
Ambulance service/vehicle fees	-0-
Contributions	-0-
EMS Fund (SB 12/612)	<u>\$130,000</u>
Other grants: HPP	<u>\$56,127</u>
Other fees: <u>Dispatch Services</u>	<u>\$2,541,527</u>
Other (specify): <u>Other Public Health Funding</u>	<u>\$1,541,028</u>
 TOTAL REVENUE	 <u>\$5,370,950</u>

TABLE 6: Facilities/Critical Care

EMS System: Central California EMS Agency

Reporting Year: 2020

NOTE: Table 6 is to be reported by agency.

Trauma

Trauma patients:

- a) Number of patients meeting trauma registry criteria 7051
- b) Number of major trauma victims transported directly to a trauma center by ambulance 1,168
- c) Number of major trauma patients transferred to a trauma center 39
- d) Number of patients meeting triage criteria who weren't treated at a trauma center Unknown

Emergency Departments

Total number of emergency departments:

- a) Number of referral emergency services 0
- b) Number of standby emergency services 3
- c) Number of basic emergency services 7
- d) Number of comprehensive emergency services 4

Receiving Hospitals

- 1. Number of receiving hospitals with written agreements 3
- 2. Number of base hospitals with written agreements 3

TABLE 7: Disaster Medical

EMS System: Central California EMS Agency

County: Fresno County

Reporting Year: 2020

SYSTEM RESOURCES

- 1. Casualty Collections Points (CCP)
 - a. Where are your CCPs located? Refer to Fresno County CCP List - attached
 - b. How are they staffed? Multi-agency staffing - as necessary
 - c. Do you have a supply system for supporting them for 72 hours? yes X no

- 2. CISD
 - Do you have a CISD provider with 24 hour capability? yes X no

- 3. Medical Response Team
 - a. Do you have any team medical response capability? yes no X
 - b. For each team, are they incorporated into your local response plan? yes no X
 - c. Are they available for statewide response? yes no X
 - d. Are they part of a formal out-of-state response system? yes no X

- 4. Hazardous Materials
 - a. Do you have any HazMat trained medical response teams? yes no X
 - b. At what HazMat level are they trained?
 - c. Do you have the ability to do decontamination in an emergency room? yes X no
 - d. Do you have the ability to do decontamination in the field? yes X no

OPERATIONS

- 1. Are you using a Standardized Emergency Management System (SEMS) that incorporates a form of Incident Command System (ICS) structure? yes X no

- 2. What is the maximum number of local jurisdiction EOCs you will need to interact with in a disaster? 15

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: The Fresno County Exclusive Operating Area
Name of Current Provider(s): American Ambulance
<p>Area or subarea (Zone) Geographic Description: The Fresno County Exclusive Operating Area includes the northern portion of the County. It currently includes all or portions of the cities of Fresno, Clovis, Firebaugh, Mendota, and San Joaquin. The only areas of Fresno County not currently included as part of the exclusive operating area are Coalinga/Huron Service Area (Zone C), Selma/Fowler Service Area (Zone G), Sanger/Pine Flat Reservoir Service Area (Zone I), Reedley/Orange Cove/Parlier Service Area (Zone J), and Kingsburg Service Area (Zone K).</p>
<p>Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) – <u>Exclusive</u> Division 2.5 of the California Health and Safety Code allows the EMS Agency, upon the recommendation of the County, to restrict operations to one or more emergency ambulance services or providers of limited advanced life support or advanced life support within a specific geographic area. The procurement restricts operations within the Fresno County exclusive operating area to a single emergency ground ambulance service and advanced life support (paramedic) ground ambulance service.</p>
<p>Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity</p> <p><u>Type:</u> Emergency Ambulance <u>Level:</u> 9-1-1 and 7-digit response, ALS Ambulance, Critical Care Transport, ALS Interfacility Transports, and Stand-by services with transport authorization</p>
<p>Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u>, pertinent facts concerning changes in scope and manner of service. description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u>, method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers. Since 1984, the Fresno County Exclusive Operating Area has been awarded through multiple consecutive competitive procurement processes. The original procurement process included a competitive bid process in 1984 which awarded a three year contract. A second competitive procurement process was initiated in 1986 which awarded a five year contract with an additional 4 year extension to the provider. A third competitive bid process in 1997 was also implemented and ended on December 2007. After a competitive bid process in 2007, a five-year contract was awarded and implemented on January 1, 2008 that included one optional five-year extension. In 2017 a competitive bid process was completed and an new exclusive ambulance agreement was implemented on January 1, 2018. The exclusive agreement included the option for a 5-year extension, which was approved by the</p>

Fresno County Board of Supervisors. The agreement will expire on 12/31/2027. Prior to each procurement process, all request for proposals were submitted and approved by the State EMS Authority.

EMS PLAN

AMBULANCE ZONE SUMMARY FORM

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Fresno County – Ambulance Zone C (Non-Exclusive Operating Area)
Name of Current Provider(s): Coalinga City Fire Department
Area or subarea (Zone) Geographic Description: Fresno County Ambulance Zone C is located in southwestern Fresno County and includes the Cities of Coalinga and Huron, and the unincorporated areas surrounding these cities. It borders the County of Kings on the south and east, the Counties of San Luis Obispo and Monterey on the west, and the Fresno County Exclusive Operating area on the north.
Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) Include intent of local EMS agency and Board of Supervisors action. Fresno County Ambulance Zone C is a non-exclusive operating area.
Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity (i.e. 9-1-1 calls only, all emergencies, all calls requiring emergency ambulance service, etc.). Fresno County Ambulance Zone C is a non-exclusive operating area.
Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u> , pertinent facts concerning changes in scope and manner of service, description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u> , method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers. Fresno County Ambulance Zone C is a non-exclusive operating area.

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Fresno County – Ambulance Zone G (Non-Exclusive Operating Area)
Name of Current Provider(s): Selma City Fire Department
Area or subarea (Zone) Geographic Description: Fresno County Ambulance Zone G is located in central Fresno County and includes the Cities of Selma and Fowler and the western portion of the City of Parlier. It also includes the unincorporated areas surrounding these cities. It borders Ambulance Zone K on the south, the Reedley Exclusive Operating Area on the east, and the Fresno County Exclusive Operating area on the north.
Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) Include intent of local EMS agency and Board of Supervisors action. Fresno County Ambulance Zone G is a <u>non-exclusive</u> operating area.
Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity (i.e. 9-1-1 calls only, all emergencies, all calls requiring emergency ambulance service, etc.). Fresno County Ambulance Zone G is a non-exclusive operating area.
Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u> , pertinent facts concerning changes in scope and manner of service, description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u> , method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers. Fresno County Ambulance Zone G is a non-exclusive operating area.

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Fresno County – Ambulance Zone I (Non-Exclusive Operating Area)
Name of Current Provider(s): Sanger City Fire Department / Sequoia Safety Council
<p>Area or subarea (Zone) Geographic Description: Fresno County Ambulance Zone I is located in central Fresno County and includes the Cities of Sanger, the communities of Del Rey, Centerville and Minkler, and includes the unincorporated areas surrounding these areas. It borders Ambulance Zone G and the Reedley Exclusive Operating Area on the South, and the Fresno County Exclusive Operating area on the north, west and east.</p>
<p>Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) Include intent of local EMS agency and Board of Supervisors action.</p> <p>Fresno County Ambulance Zone I is a <u>non-exclusive</u> operating area.</p>
<p>Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity (i.e. 9-1-1 calls only, all emergencies, all calls requiring emergency ambulance service, etc.).</p> <p>Fresno County Ambulance Zone I is a non-exclusive operating area.</p>
<p>Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u>, pertinent facts concerning changes in scope and manner of service, description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u>, method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers.</p> <p>Fresno County Ambulance Zone I is a non-exclusive operating area.</p>

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Fresno County - Reedley Exclusive Operating Area (Ambulance Zone J)
Name of Current Provider(s): Sequoia Safety Council
Area or subarea (Zone) Geographic Description: The Reedley Exclusive Operating Area is located in southeastern Fresno County and includes the Cities of Reedley, Orange Cove, the eastern portion of the City of Parlier, and the communities of Squaw Valley, Dunlap, Miramonte, and Pinehurst. It borders the County of Tulare on the South, Sequoia and Kings Canyon National Parks on the east, Fresno County Ambulance Zone G (non-exclusive) on the west, and Fresno County Ambulance Zone I (non-exclusive) on the north.
Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) - <u>Exclusive</u> Division 2.5 of the California Health and Safety Code allows the EMS Agency, upon the recommendation of the County, to restrict operations to one or more emergency ambulance services or providers of limited advanced life support or advanced life support within a specific geographic area. The designation restricts operations within the Reedley Exclusive Operating Area to a single emergency ground ambulance service. By creating the Reedley EOA in Fresno County, it is the intent of the Local EMS Agency, at the recommendation of the Fresno County Board of Supervisors, to sustain the current level of medical standards and performance.
Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity <u>Type:</u> Emergency Ambulance <u>Level:</u> 9-1-1 and 7-digit response, Stand-by Service with Transport Authorization
Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u> , pertinent facts concerning changes in scope and manner of service, description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u> , method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers. The EMS Agency, at the recommendation of the Fresno County Board of Supervisors, has developed and implemented a local plan that continues the use of existing providers operating within the local EMS area in the manner and scope in which the services have been provided without interruption since January 1, 1981. Sequoia Safety Council is a non-profit community owned service, which was established in 1953. Sequoia Safety Council has operated in the geographical area of the Reedley EOA since that time without interruption. In 1986, Sequoia Safety Council evolved to Limited Advanced Life Support (EMT-II) and then to Advanced Life Support (Paramedic) in 1987. Since 1953, Sequoia Safety Council has been the only ambulance service providing primary emergency ambulance services within the geographical area of the Reedley EOA in Fresno

County. On occasion, other ambulance providers respond into the Sequoia Safety Council's response area when needed for mutual aid assistance. There has been no change in the ownership of Sequoia Safety Council, nor has the geographical area of their service area changed.

EMS PLAN AMBULANCE ZONE SUMMARY FORM

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Fresno County – Ambulance Zone K (Non-Exclusive Operating Area)
Name of Current Provider(s): Kingsburg City Fire Department
Area or subarea (Zone) Geographic Description: Fresno County Ambulance Zone K is located in south Fresno County and includes the Cities of Kingsburg and the unincorporated areas surrounding this area. It borders Ambulance Zone G on the north, the County of Tulare on the South, and the Fresno County Exclusive Operating area on the north and west.
Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) Include intent of local EMS agency and Board of Supervisors action. Fresno County Ambulance Zone K is a <u>non-exclusive</u> operating area.
Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity (i.e. 9-1-1 calls only, all emergencies, all calls requiring emergency ambulance service, etc.). Fresno County Ambulance Zone K is a non-exclusive operating area.
Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u> , pertinent facts concerning changes in scope and manner of service, description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u> , method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers. Fresno County Ambulance Zone K is a non-exclusive operating area.

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Fresno County – Ambulance Zone N - ELIMINATED
Name of Current Provider(s): <u>This Ambulance Zone was eliminated on January 1, 2018 and was included the Fresno EOA and the competitive bid process</u>
<p>Area or subarea (Zone) Geographic Description: Fresno County Ambulance Zone N is located in north-central Fresno County and includes the Cities of Kerman, the communities of Biola and Rolinda. This area includes the unincorporated areas surrounding this area, which includes the county islands in the north west area of the City of Fresno. It is bordered by the County of Madera on the north and the Fresno County Exclusive Operating area on the south, east, and west. The border is the boundary of the North Central Fire Protection District. The eastern border of this ambulance zone changes as the City of Fresno annexes areas of Ambulance Zone N. When that occurs, the annexed portion is automatically included in the Fresno County Exclusive Operating Area.</p>
<p>Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) Include intent of local EMS agency and Board of Supervisors action.</p> <p>Fresno County Ambulance Zone N is a non-exclusive operating area.</p>
<p>Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity (i.e. 9-1-1 calls only, all emergencies, all calls requiring emergency ambulance service, etc.).</p> <p>Fresno County Ambulance Zone N was eliminated.</p>
<p>Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u>, pertinent facts concerning changes in scope and manner of service, description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u>, method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers.</p> <p>Fresno County Ambulance Zone N is a non-exclusive operating area. Fresno County Ambulance Zone N was included in the competitive bid process for the Fresno County Exclusive Operating Area and will be added to the Area effective January 1, 2018.</p>

EMS PLAN AMBULANCE ZONE SUMMARY FORM

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: The Kings County Exclusive Operating Area
Name of Current Provider(s): American Ambulance
Area or subarea (Zone) Geographic Description: The Kings County Exclusive Operating Area includes the entire County of Kings excluding the Riverdale Service Area (Zone 01), Kingsburg Service Area (Zone 03), and the Lemoore Naval Air Station Service Area (Zone 04).
<p>Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) - <u>Exclusive</u> Include intent of local EMS agency and Board of Supervisors action.</p> <p>Division 2.5 of the California Health and Safety Code allows the EMS Agency, upon the recommendation of the County, to restrict operations to one or more emergency ambulance services or providers of limited advanced life support or advanced life support within a specific geographic area. The procurement restricts operations within the exclusive operating area to a single ground emergency ambulance service and ground advanced life support service.</p>
<p>Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity (i.e. 9-1-1 calls only, all emergencies, all calls requiring emergency ambulance service, etc.).</p> <p><u>Type:</u> Emergency Ambulance <u>Level:</u> 9-1-1 and 7-digit response, ALS Ambulance, ALS IFT, stand-by services with transport authorization.</p>
<p>Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u>, pertinent facts concerning changes in scope and manner of service. Description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u>, method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers.</p> <p>Since 1995, the Kings County Exclusive Operating Area has been awarded through multiple consecutive competitive procurement processes. The original procurement process included a competitive bid process in 1995 which awarded a five year contract. A competitive process has been used in 2000 and 2010. The most recent agreement expired on October 31, 2020. A new competitive bid process was conducted in 2020 and the RFP was submitted and approved by the State EMS Authority as an amendment to the EMS plan. American Ambulance was chosen to continue as the exclusive provider under a new 5 year agreement beginning November 1, 2020 through October 31, 2025. The exclusive agreement also contains an option for one 5-year extension upon approval by the EMS Agency and County.</p>

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Kings County Ambulance Zone 01
Name of Current Provider(s): American Ambulance
Area or subarea (Zone) Geographic Description: The Kings County Ambulance Zone 01 is located on the northern border of Kings County, immediately adjacent to the Fresno County community of Riverdale. This area is Bordered on the south by the Kings River, which allows quicker response times from Fresno County. It contains only a rural area of Kings County and does not include any incorporated areas.
Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) Include intent of local EMS agency and Board of Supervisors action. Kings County Ambulance Zone 1 is a <u>non-exclusive</u> area.
Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity (i.e. 9-1-1 calls only, all emergencies, all calls requiring emergency ambulance service, etc.). Kings County Ambulance Zone 1 is a non-exclusive area.
Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u> , pertinent facts concerning changes in scope and manner of service. Description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u> , method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers. Kings County Ambulance Zone 1 is a non-exclusive area.

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Kings County Ambulance Zone 03
Name of Current Provider(s): Kingsburg City Fire Department
Area or subarea (Zone) Geographic Description: The Kings County Ambulance Zone 03 is located on the north-eastern border of Kings County and Fresno County, which is immediately adjacent to the City of Kingsburg in Fresno County. This area is bordered on the south by the Kings County EOA Zone 09 and 02, Tulare County on the East, and Fresno County on the west and north. The area contains a rural/unincorporated area of Kings County.
Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) Include intent of local EMS agency and Board of Supervisors action. Kings County Ambulance Zone 3 is a <u>non-exclusive</u> area.
Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity (i.e. 9-1-1 calls only, all emergencies, all calls requiring emergency ambulance service, etc.). Kings County Ambulance Zone 3 is a non-exclusive area.
Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u> , pertinent facts concerning changes in scope and manner of service. Description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u> , method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers. Kings County Ambulance Zone 3 is a non-exclusive area.

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Kings County Ambulance Zone 04
Name of Current Provider(s): United States - Naval Air Station-Lemoore
Area or subarea (Zone) Geographic Description: The Kings County Ambulance Zone 04 is the geographical area and jurisdiction of the federal government installation – Naval Air Station –Lemoore. It is bordered by the Kings County EOA on the north, east and south, and is bordered by Fresno County on the west.
Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) Include intent of local EMS agency and Board of Supervisors action. Kings County Ambulance Zone 4 is operated by the federal government and Naval Air Station – Lemoore
Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity (i.e. 9-1-1 calls only, all emergencies, all calls requiring emergency ambulance service, etc.). Kings County Ambulance Zone 4 is operated by the federal government and Naval Air Station - Lemoore
Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u> , pertinent facts concerning changes in scope and manner of service. Description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u> , method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers. Kings County Ambulance Zone 4 is operated by the federal government and Naval Air Station - Lemoore

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Madera County – Chowchilla Area Ambulance Zone
Name of Current Provider(s): Pistoresi Ambulance Service, Inc.
<p>Area or subarea (Zone) Geographic Description: The Madera County – Chowchilla Area Ambulance Zone is located in the northwestern Madera County and includes the City of Chowchilla, the communities of Fairmead, Dairyland, and the unincorporated areas surrounding these communities. It borders the Madera Area Zone on the south, the County of Merced on the west, and the Madera County Mountain Exclusive Operating area on the north.</p>
<p>Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) Include intent of local EMS agency and Board of Supervisors action.</p> <p>The Madera County – Chowchilla Area Ambulance Zone is non-exclusive operating area.</p>
<p>Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity (i.e. 9-1-1 calls only, all emergencies, all calls requiring emergency ambulance service, etc.).</p> <p>The Madera County – Chowchilla Area Ambulance Zone is non-exclusive operating area.</p>
<p>Method to achieve Exclusivity, if applicable (HS 1797.224): If <u>Grandfathered</u>, pertinent facts concerning changes in scope and manner of service, description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If <u>Competitively determined</u>, method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers.</p> <p>The Madera County – Chowchilla Area Ambulance Zone is non-exclusive operating area.</p>

NOTE: This document was corrected in 2009. The previously submitted documents incorrectly and inaccurately included the Chowchilla Area Ambulance Zone and the Madera Area Ambulance Zone into one response area serviced by Pistoresi Ambulance. In fact, there are two separate and distinct ambulance zones which are each served by separate entities. The Chowchilla Area is served by Pistoresi Ambulance Service Inc. and the Madera Area is served by Pistoresi Ambulance Service of Madera, Inc.

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Madera County – Madera Area Ambulance Zone

If <u>Competitively determined</u> , method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers. Tulare County Ambulance Zone 3 is a non-exclusive operating area. It became a Non-Exclusive Operating Area on August 17, 2010, when Three-Rivers Ambulance discontinued service.

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Tulare County – Ambulance Zone 5 (Exclusive Operating Area)
Name of Current Provider(s): Exeter District Ambulance Service
<p>Area or subarea (Zone) Geographic Description: Tulare County Ambulance Zone 5 is located in the central portion of Tulare County. This zone includes the cities of Exeter and Farmersville, and the unincorporated areas surrounding these cities. Ambulance Zone 5 is bordered by Tulare County Ambulance Zone 3 on the north, Tulare County Ambulance Zone 2 on the west, Tulare County Ambulance Zone 8 on the south, and Tulare County Ambulance Zone 9 on the on the east.</p>
<p>Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) <u>Exclusive</u> Division 2.5 of the California Health and Safety Code allows the EMS Agency, upon the recommendation of the County, to restrict operations to one or more emergency ambulance services or providers of limited advanced life support or advanced life support within a specific geographic area. The designation restricts operations within the Tulare County Ambulance Zone 5 to a single emergency ground ambulance service. By creating the EOA in Tulare County, it is the intent of the Local EMS Agency, at the recommendation of the Tulare County Board of Supervisors, to sustain the current level of medical standards and performance.</p>
<p>Type of Exclusivity, "Emergency Ambulance", "ALS", or "LALS" (HS 1797.85): Include type of exclusivity (Emergency Ambulance, ALS, LALS, or combination) and operational definition of exclusivity <u>Type:</u> Emergency Ambulance <u>Level:</u> 9-1-1 and 7-digit response, Stand-by Service with Transport Authorization</p>

Method to achieve Exclusivity, if applicable (HS 1797.224):

If Grandfathered, pertinent facts concerning changes in scope and manner of service, description of current provider including brief statement of uninterrupted service with no changes to scope and manner of service to zone. Include chronology of all services entering or leaving zone, name or ownership changes, service level changes, zone area modifications, or other changes to arrangements for service. If Competitively determined, method of competition, intervals, and selection process. Attach copy/draft of last competitive process used to select provider or providers.

The EMS Agency, at the recommendation of the Tulare County Board of Supervisors, has developed and implemented a local plan that continues the use of existing providers operating within the local EMS area in the manner and scope in which the services have been provided without interruption since January 1, 1981.

Exeter District Ambulance is a non-profit community owned ambulance service, which was established in 1977. Exeter has operated in the same geographical area of the Ambulance Zone 5 since that time without interruption. In 1978, Exeter evolved to Limited Advanced Life Support (EMT-II) and to paramedics in 2007. On occasion, other ambulance providers respond into the response area when needed for mutual aid assistance. There has been no change in the ownership of Exeter District Ambulance, nor has the geographical area of their service area changed.

This exclusive operating area was established on July 27, 1993 by the Tulare County EMS Agency (CCEMSA did not assume responsibility for EMS until 2004).

**EMS PLAN
AMBULANCE ZONE SUMMARY FORM**

In order to evaluate the nature of each area or subarea, the following information should be compiled for each zone individually.

Local EMS Agency or County Name: Central California EMS Agency
Area or subarea (Zone) Name or Title: Tulare County – Ambulance Zone 6
Name of Current Provider(s): Sierra LifeStar Ambulance Service
Area or subarea (Zone) Geographic Description: Tulare County Ambulance Zone 6 is located in the southwestern portion of Tulare County. This zone includes the City of Tulare and the unincorporated areas surrounding the city. Ambulance Zone 6 is bordered by Tulare County Ambulance Zone 2 on the north, Tulare County Ambulance Zone 8 on the east, Tulare County Ambulance Zone 7 on the south, and the County of Kings on the west.
Statement of Exclusivity, Exclusive or Non-Exclusive (HS 1797.6) Tulare County Ambulance Zone 6 is a <u>non-exclusive</u> operating area.
